

Helping Communities  
Help Schools

# ATTENTION FRIENDS

Did you know that teachers spend an average of \$1,200 a year of their own money purchasing materials for their classrooms?

**Your help is greatly appreciated.**

By adopting my classroom, you can participate in my efforts to create an effective and engaging learning environment for the students.

## Here's how it works:

1. Go to [www.adoptaclassroom.org](http://www.adoptaclassroom.org) and search for my classroom.
2. Adopt-A-Classroom directs **100% of your donation** to my classroom.
3. I access the donation through the Adopt-A-Classroom website (the organization does not send cash to the teachers) and **purchase much needed resources.**
4. **Adopt-A-Classroom sends you a report** that itemizes what I purchased ensuring 100% accountability and transparency.
5. We **communicate throughout the year** so you can experience first-hand the impact of your contribution.
6. Your donation is **tax-deductible.**

**To learn more about Adopt-A-Classroom visit**
