Crafter's Application

We encourage you to apply early as we limit the amount of crafters per category. *Although we continue to be non-juried, we are seeking quality crafters.* Once a category has been filled and/or the fair has sold out, a wait list will be started. If spaces later become available, you will be notified and provided with a registration form. However, we will select crafters from the wait list based on the crafters needed for a well-balanced selection. **Please print clearly email or mail form with photos of your craft. Please do not send any payment with this form.**
