

# Project Welcome

For a few weeks this past summer, students from the Wynn Middle School and Tewksbury Memorial High School participated in separate service learning projects designed to meet the needs of the community.

Students created multilingual signs to identify features common to all of our schools, such as “Cafeteria”, “Gymnasium”, “Auditorium”, etc. Each sign prominently displays the English word for the location and then lists translations for the word in Chinese, Malay, Vietnamese, Khmer, Spanish and Portuguese. Pictures representing each location also appear for easy identification.

Multilingual Signs to help ELL students learn English and find their way

Welcome Bag of Supplies for ELL students entering TMHS
