PARENTS:

Cub Scouting is a program for boys which is neighborhood centered and family oriented. Get your family started in Scouting by taking part in this pilot program for kindergarten aged boys. Your son and his adult partner (usually a parent) will participate together in this program where the emphasis is on fun, new experiences, and doing one's best..

If you are looking for safe and wholesome year-round activities for your son, then Cub Scouting is for you and your family. While your son is enjoying the adventure of Cub Scouting, he will develop in character, citizenship, self-esteem, and personal fitness. Scouting strengthens family ties and fosters the traditional values that are so important to all of us. He'll probably make some lifelong friends in the process as well!

Your son will be part of a den, which is a group of other Kindergarten boys and their adult partners. Lions typically have two meetings each month. One is a den meeting and the other will be a den outing or at times, taking part in the monthly Pack meeting. That is a gathering of all the other Cub Scouts in grades one through five along with their families. Everyone is invited! Toward the end of this school year, he'll graduate to the next level: Tiger Cubs.

So come on down and meet the volunteer leaders. The sign-up information is listed below. They will be able to answer your questions and assist you in enrolling your son.

Cub Scout Packs meet monthly and the whole family is invited. Between those meetings, smaller groups arranged by school grade, called Dens, meet weekly.
