WORLD DOWN SYNDROME DAY

World Down Syndrome Day (WSDS) is observed on 21 March every year.

On this day, people with Down syndrome and those who live and work with them throughout the world organise and participate in activities and events to raise public awareness and create a single global voice for advocating for the rights, inclusion and well being of people with Down syndrome.

What World Down Syndrome Day organization does:

A call to action each year, based on a theme and with resources, to help you advocate for the rights of people with Down syndrome on 21 March.

We provide a global hub for WSDS world events on the website and on Facebook.

We organize the WSDS Conference at United Nations HQ in New York and a side event to the Human Rights Council at the UN in Geneva.

We coordinate the #lotsofsocks campaign. People all over the world wear socks, t-shirts or brightly coloured clothing to draw attention to 21 March.
