

Tewksbury Public School Integrated Preschool 2021-2022 Free Preschool Screening

If you have concerns about your child's development and whether s/he is meeting developmental milestones, this is a great opportunity to receive some feedback.

This year, due to COVID restrictions, we need to offer our screenings in an alternative format.

1. Please click on this link [Preschool Screening Form](#) and fill out this developmental questionnaire. Provide as much detail as you can to help us better understand your child and your concerns. If you cannot access this form, please email Alexis Bosworth at abosworth@tewksbury.k12.ma.us and a form will be sent directly to you.
2. Using the same link, attach a video clip of your child engaged in activities that highlight your concerns. For example, if you are concerned about his/her speech, send us a clip of him/her speaking. If you are concerned about fine motor development show us a clip of him/her coloring or stringing beads, etc.
3. Instructions for Video Clip: Please use the information here to help guide you as you made your video: [Preschool Screening Video Instructions](#)
*****You may want to have the video clip ready before filling out the form***

Our team will review submitted forms by the following dates: **November 17 2021, January 30, 2022 & March 30, 2022.**

Our team of special educators will review the video you supply and the questionnaire. After we review, you will be notified either by email or a telephone call what, if any, the next steps are. *This information is being submitted for screening purposes only. It is not considered an evaluation nor a request for evaluation. If after the screening team reviews the information and recommends an evaluation, the team will contact you.*
