Letter from the Principal

August 2021

Dear Tewksbury Memorial High School Families:

We at Tewksbury Memorial High School are committed to providing the best educational and co-curricular experience for all students. This can only be achieved through the collective effort of all members of our learning community, which includes students, parents/guardians, faculty, staff, and administration.

The 2021-2022 Student Handbook is an integral tool to assist with our commitment to each student's success. The student handbook (contained within) includes policies and regulations, pertinent information, and a school calendar.

There are times when pictures are taken of our students in learning and/or school-related activities and posted on the school websites, social media, student yearbooks, etc. No personal information pertaining to students will be shared on our website or with businesses or third parties. Please contact me in writing if you do not want your child included in school-based pictures.

It is expected that every student and his/her parent/guardian carefully read the contents of the student handbook.

I welcome all students to Tewksbury Memorial High School and to our new school year. This student handbook is a guide that should help every student enjoy and attain a productive and rewarding school year.

Sincerely,

A handwritten signature in black ink, appearing to read "Jon C. Bernard". The signature is fluid and cursive, with a long horizontal stroke at the end.

Advisory

At TMHS, we believe in the importance of the student/faculty connection. Our goal in creating an advisory block is to help foster a positive school culture and personalize all student's learning experiences. One of the objectives of Advisory Block is to allow students time to figure out who they are, where they're headed, and how they're going to get there. Through advisory, each student has an additional teacher who knows them and can help them navigate high school so that they leave with a meaningful, personalized plan and are prepared for postsecondary options.

- Advisory meets four times a year.
- Student advisory groups will be created randomly by grade level.

GENERAL NOTIFICATION: FAILURE TO COMPLY WITH ANY OF THE HANDBOOK REGULATIONS AS WELL AS WITH OTHER ACCEPTABLE BEHAVIOR NOT LISTED HEREIN MAY RESULT IN DISCIPLINARY CONSEQUENCES.

Students' Rights and Responsibilities

Our students are active learners in meeting our school's goals. The following outlines the expectations all students should have of their school and its staff. It also lists the responsibilities that our students should have toward their school, its staff, and their community as included in the Tewksbury Public School Policy JI 5131.

A staff which is sensitive and responsive to all their individual needs

Fair and just treatment from other students and staff

Responsibilities

Sustained effort to complete assigned lessons, including assignments missed because of absence, and asking for help from teacher when something is not understood

Regular and punctual attendance, and remaining on school grounds during the entire school day

Respect for themselves, the rights of others, the staff and school property

Behavior which will be a credit to themselves, their family, their school, and community, i.e. conformation to school rules at all times, during all school related activities

Honesty, courtesy, appropriate language and appropriate dress

Parent-School Partnership

Parents/guardians are extremely important in the educational process, especially at the high school level. Working with your student and the school will help to ensure the best possible educational experience for him/her. Being supportive, providing a quiet place to study, checking the work of the student, and communicating with teachers are ways in which a parent can aid in his/her child's success. Sharing information enables us to better meet the needs of the student.

During the school year there are several scheduled occasions for parent/guardian and teacher interaction (see school calendar). The first is an open house, 6:00-8:00 PM, which provides parents/guardians the experience of following their sons' and daughters' schedules while each teacher explains the course outcomes and requirements along with specific classroom expectations. The remaining meetings are designated for parent/guardian and teacher conferences to allow the parent/guardian the opportunity to confer with faculty members and administrators concerning all aspects of the school's programs and the student's progress. Conference evenings are scheduled from 6:00 - 8:00 PM. Parents will be able to make appointments via the online sign-up system.

Parents may request a conference at any time by contacting the school guidance office at (978) 640-7838.

Parents are encouraged to join such groups as the Parent Advisory Council and the School Council to help with support and direction. In addition, Administrative Chats are scheduled monthly to allow opportunities for discussions with the TMHS administrative team. We welcome your involvement.

Please see the [School Calendar](#) on Page 9 for specific information on dates for Open House and Parent Conferences.

Eligibility Requirements

Eligibility is determined at the end of each quarter. All students must pass the equivalent of four (4) major classes in any content area (see Elective Clusters in the [Program of Studies](#) for courses that may be taken consecutively during an academic year to be considered equivalent to a full year course) to be considered eligible to participate in sports and other extracurricular activities. Students found ineligible will be given written notification at the end of each quarter and the end of the year. See [MIAA Rule 58 page 57-58 of the MIAA Handbook](#).

Gender Equity Statement for Athletics

Tewksbury Public Schools is committed to providing transgender student-athletes with equal opportunities to participate in TMHS athletic programs consistent with their gender identity. Hence, this policy addresses eligibility determinations for students who have a gender identity that is different from the gender listed on their official birth certificates.

The Tewksbury Public Schools has concluded that it would be fundamentally unjust and contrary to applicable state and federal law to preclude a student from participation on a gender-specific sports team that is consistent with the public gender identity of that student for all other purposes.

For purposes of sports participation, the MIAA has deferred to the determination of the student and his or her local school regarding gender identification.

In this regard, the school district shall determine a student's eligibility to participate in a gender-specific sports team.

Accordingly, when a Tewksbury Public Schools team submits a roster to the MIAA, or any other governing body, it is verifying that it has determined that the students listed on a gender-specific sports team are entitled to participate on that team due to their gender identity and that the school district has determined that the expression of the student's gender identity is bona fide and not for the purpose of gaining an unfair advantage in competitive athletics.

Students who wish to participate on a gender-specific sports team that is different from the gender identity listed on the student's current school records are advised to address the gender identity issue with the Athletic Director and or the School Principal well in advance of the deadline for athletic eligibility determinations for a current sports season.

Students are not permitted to try out simultaneously for sports teams of both genders. Nothing in this policy shall be read to entitle a student to selection to any particular team or to permit a student to transfer from one gender-specific team to a team of a different gender during a sports season.

In addition, the Tewksbury Public Schools shall expect that, as a general matter, after the issue of gender identity has been addressed by the student and the school district, the determination shall remain consistent for the remainder of the student's high school sports eligibility.

The Tewksbury Public schools have concluded that this criterion is both consistent with the MIAA policy and sufficient to preclude the likelihood that a student will claim a particular gender identity for the purpose of gaining a perceived advantage in athletic competition.

The above Policy was based upon MIAA Policy 28. Gender Equity and Leadership found at http://www.miaa.net/gen/miaa_generated_bin/documents/basic_module/GenderIdentityIcon.pdf

School Functions/Dances/Extracurricular Activities

Only current TMHS students are allowed at school functions including dances with the exception of the prom where a non-TMHS student must be accompanied by a TMHS student. To be eligible to attend school sponsored events (ie., prom, dances, athletic events, club/activity events, etc.) all students must attend **three full classes** on the day of the event. Students may not attend any school functions during the period of their suspension from school.

Senior Week Eligibility

In order to participate in senior week activities, including Senior Prom, a student must be eligible to graduate that year.

Class Dues

There is a fee assessed each year to each student for class dues. This money is used to assist in defraying the cost of class-sponsored activities, yearbook, prom, senior week activities, etc.

Academic Information

Academic Honesty

Academic honesty is expected of all students. Cheating in any form, including plagiarism, is a violation of this expectation.

Tewksbury Memorial High School has a no-tolerance policy regarding plagiarism. The act of plagiarism/cheating is defined as, but not limited to:

1. The use of another person's work to represent one's own work or efforts.
2. Any effort to take an "unfair advantage" over other students is cheating, i.e. using cheat sheets, copying from another student's work, giving or receiving specific test or assignment information to or from another student.
3. A person who provides information to another to assist the other person is also guilty of cheating.
4. Attempts to copy or retrieve exam documentation through written or digital form.
5. The use, whether by paraphrase or direct quotation, of the work of another person without full and clear acknowledgement.

If academic plagiarism should occur, the teacher will inform the student, parent and administration of the incident and the student(s) will additionally receive a grade of zero for the test or assignment. If repeat offenses should occur, further more stringent action will be taken by administration with regard to the student(s) involved.

Homework

Homework at TMHS is an opportunity to reinforce student learning and understanding while also fostering independent thinking, responsibility and accountability. Assignments will be a reflective practice whereby the goal is to promote lifelong learning and independence. When completing homework, students are accountable for mastery of content to enhance the day's learning activities in order to develop their academic self-discipline and creativity thereby allowing them to become 21st century citizens.

Each course has a form of homework with different expectations depending on level; i.e. AP, Honors, and CP have decreasing expectations for time to be spent on assignments. Completed homework means the teacher has determined the student has made a creditable attempt at the homework assignment. The school-wide grading policy states that 80% of a term's grade is comprised of tests, quizzes and other objective measurements and up to 20% is comprised of homework and class participation.

In the event of a student's absence, it is recommended that daily assignments be obtained from teachers, Aspen, Google Classroom. The student's guidance counselor is available to assist

students/parents in obtaining work missed during a prolonged absence. Arrangements should be made for picking up the assignments and for returning the completed materials between the hours of 7:30 AM-1:49 PM.

Extra Help

- All students are encouraged to seek extra help from teachers if they do not understand an assignment, if they find the work difficult, if they have been legitimately absent as referenced in the attendance policy section of this document. A teacher will request that a student stay after school if it is apparent that he/ she is having difficulty with his/her work.
- Teachers set aside extra help time and parental conference time each week. Consult the teacher for his/ her schedule. Conferences with teachers should take place before or after school or at any prearranged, convenient time.
- NHS offers tutorial assistance to students after school. For more information see your guidance counselor or the NHA advisor.

Make-up Work

All students who are absent are allowed to make-up work missed. The student is responsible for work assigned prior to the day of absence and must present the homework the day he/she returns to school.

The student is entirely responsible for meeting with the teacher to schedule make-up for all work missed during absence. Tests/quizzes will be scheduled at the convenience of the teacher. All make-up work must be completed within a period equal to the number of days absent, plus one. Long-term projects/assignments with advanced notice of a week or more must be handed in on the due date. If a student is absent on that date arrangements must be made on or before the due date for delivery to the teacher.

A grade of "I" on a report card denotes an incomplete in the course. A student has two weeks to complete any work to resolve the incomplete and receive a letter grade for the course. If the incomplete work is not turned in, the student's grade will reflect zeros for those assignments.

A grade of "M" denotes a medical. This is only given with administrative approval.

Grade Point Average

Grade points are determined by multiplying the quality points obtained from the preceding scale by the number of credits for that particular course. Grade Point Average is obtained by dividing the total number of quality points by the total number of credits. Grade Point Average will be used in determining NHS eligibility and Graduation with Honors. GPA is calculated using final course grades.

Academic Recognitions

Principal's List - This category would honor students who receive a grade of "A" in each course at the end of each marking term.

Honor Roll - This category would honor students who receive no grade less than "B" for the marking term.

Honor Roll II - This category would honor students who have earned grades of "A's" and "B's" with no more than one "C+" and whose numerical average is at least 85 for the marking term.

Senior Final Examination Exemption - Seniors who have achieved an "A" (93% or above) average in any course at the close of the semester are exempt from taking the final examination in that course. This exemption exists notwithstanding any Renaissance privilege.

Graduation with Honors

Academic excellence for graduates is recognized by awarding degrees summa cum laude (cumulative GPA of 4.01 or higher), magna cum laude (cumulative GPA of 3.81 to 4.0), and cum laude (cumulative GPA of 3.6 to 3.8).

National Honor Society

The objective of NHS is to create enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and to develop character in students. The following is the criteria for membership in the National Honor Society.

- Candidates shall have spent at least one semester at TMHS and shall be members of the junior or senior class.
- Candidates must have achieved a cumulative GPA of 3.8 or higher and have 15 hours per year of documented community/school service during the 9th, 10th, and 11th grades. (A total of 45 documented community service hours may be submitted by a senior applicant.)
- Transfer students, who have previously been elected, retain membership at TMHS.
- Upon being elected to the NHS, the student must maintain the qualifying quality point averages or rank and maintain the ideals of the society or he/she may be declared ineligible. Once ineligible, one can no longer re-apply.

Renaissance Recognition Program

The goals of the Renaissance Program are to "enhance the academic environment at Tewksbury Memorial High School and to encourage honesty, respect, tolerance, effort, and community service." To reach these goals, the program has established a system of rewards for achievement and improvement. "Silver" and "Gold" cards will be issued per term to students who have satisfied established criteria. In addition "red and blue cards" will be awarded monthly for additional achievements.

Gold Card Criteria

Students must:

1. achieve an average of 91 or better;
2. maintain a record free of administrative discipline; and
3. have no more than a total of 4 combined absences and/or tardies to school.

Silver Card Criteria

Students must:

1. achieve an average of 87 or better
2. maintain a record free of administrative discipline; and
3. have no more than a total of 4 combined absences and/or tardies to school.

Exam Exemptions

Exam exemptions through the Renaissance Program are available to Gold Card recipients with a course average of **93% or better**. This privilege is valid for one course per student per year. The exemption only applies to end of course exams. Mid-terms and quarter course finals are not eligible. The exemption privilege must be redeemed during the semester in which the Gold Card was issued. Students must show their student identification cards with the appropriately dated gold sticker to obtain an exemption form from the Renaissance Advisor. Seniors with or without a Gold Card may exempt the exam for any course in which they have received a 93% average or above.

Academic Progress

- All students have access to their grades, assignments, and attendance records through the online **Aspen X2 Student Data Portal**.
- All students will receive a computer generated progress report at the midpoints of each of the marking terms.
- Progress reports will contain the total number of absences from the beginning of the semester (including dismissals and tardies of more than twenty minutes), current estimated grade, and may include comments.
- Parents with concerns should call the student's guidance counselor to arrange a conference.
- Parents/guardians may request additional progress reports at any time.
- The dates of issue for progress reports will be published in the System-wide Calendar.
- Altering the report is a violation of the academic honesty policy.

Report Cards

Report cards will be issued to the student at the end of each marking term. End-of-the-year report cards will be mailed home.

Health Curriculum Opt-Out

During the Health 1 and 2 courses the TMHS Wellness Department provides curriculum and instruction designed to help students make good decisions, and practice healthy behaviors. As part of these courses topics regarding human sexuality and development are covered. Under Massachusetts law, parents or guardians have the right to opt their child out of any single human sexuality and development lesson or out of the entire unit that includes information about human sexuality. Parents/guardians can do this by writing a note or letter to their student's wellness teacher requesting that their child be opted out of the sexuality portion of the health education curriculum. If a parent chooses to do so, an appropriate and valuable alternative activity(ies) will be provided for their son/daughter. Parents/guardians may also contact their student's wellness teacher, or the department lead teacher for more information about topics covered in the curriculum.

Recovery/Enrichment

Summer School

Any failing grade between 45 and 59 as well as any loss of credit due to excessive absences may be made up in summer school. A student must have prior approval of the guidance or principal's office before registering in a summer school program other than our Summer School Program at TMHS.

Students may take enrichment courses through our Summer School Program or at a local state college or community college if the courses meet for a minimum of 40 hours (summer school program) or 30 hours (college level). Courses taken for enrichment will be listed on the student's transcript but may not be applied to graduation requirements. All students taking courses during Summer School will be required to pay a fee per course.

Attendance Policy

Philosophy

The Tewksbury School Committee and the administration and faculty of Tewksbury High School recognize that successful academic achievement is virtually impossible without daily attendance in class. Students are encouraged to maintain the best attendance record possible. Parents and students should understand that the limits prescribed by the attendance policy in no way suggest an acceptable level of absenteeism. Absences, tardiness, and dismissals are expected only in the case of illness or legitimate family emergencies.

School Absences

A student may not exceed 18 absences in a full year course and 10 absences in a semester course. If a student passes the course, but loses credit for excessive absences, he/she will receive a grade of "N" on the report card, indicating No Credit due to poor attendance. If the student exceeds five (5) absences in a term, he/she receives an "N" for that term. A student can still receive a passing grade for the semester or year if he/she maintains a passing grade average and does not exceed his/her absences beyond the end of the course. If a student does exceed the number of absences for the rest of the course, then he/she will have an "N" on their transcript unless the student completes his/her work in summer school. If a student is not present for at least three full blocks, he/she will be considered absent for the day.

Classification of Absences

Exempt Absence: When a student is absent for medical reasons (doctor's note required), religious observance (parent call required), court appearance (court documentation required), funeral, college visits (juniors and seniors only-visits require counselor approval), or field trips, then that student is classified as "exempt." An exempt absence does not count toward the allotted (20/10) absences. Students should contact their teachers to make up any work missed while absent.

Excused Absence: For an absence to be classified as excused, a parent must call the child's school on the morning of the absence or the student must present a note from a parent upon his or her return to school. An excused absence counts toward the allotted (20/10) absences. Students should contact their teachers to make up any work missed while absent.

Unexcused Absence (Truant): When a student is absent from school and no phone call or note has been received from a parent verifying the absence, the student is classified as "unexcused/truant". An unexcused absence/truancy counts toward the allotted (20/10) absences. Students may not be eligible to make up work missed while truant.

Absence Notification

1. Unexcused Absence (Truant):

- a. Within 3 days, parents/guardians will be notified of the student's absence.
- b. Following the 5th unexcused absence, a letter will be generated from the principal's office, or the principal's designee, notifying the parent, in writing, of the student's absences, and requesting a meeting with the parent to discuss the student's attendance. The letter will direct the parent to contact the principal's office, or the principal's designee, within 5 school days to schedule a meeting. If the parent does not contact the principal's office or the principal's designee, within 5 school days, the principal's office, or the principal's designee, will call the parent for purposes of scheduling a meeting.
 - i. At the meeting, the principal, assistant principal or other designee, the parent and the student must develop action steps to address the student's

attendance. Other relevant school personnel and officials from public safety, health and human services, housing and nonprofit agencies, may offer input into the development of action steps.

2. *Excused Absence and/or Unexcused Absence:*

- a. Following the eighth (8th) non-exempt absence, a letter will be sent home to parents notifying them of their child's attendance.
- b. Following the ninth (9th) nonexempt absence for a semester course or eighteenth (18th), non-exempt absence for a full year course, a letter will be sent home to parents notifying them their child may have lost credit in at least one course (high school only).
- c. Following the eighth (8th) non-exempt absence in one quarter, the principal or designee may choose to file a Child Requiring Assistance (CRA) to support the student in attending school.

Loss of Credit Make-Up Opportunities

If students do not receive credit for the course due to excessive absences, they may retake the course in our Summer School program or retake the course the following year. See [Summer School/Enrichment](#) for information about Summer School eligibility.

School Cancellations

Schools will be closed only in the case of severe, inclement weather. Announcements relative to closing schools for inclement weather will be carried by television stations,

Twitter@tpsdistrict, and through the district's telephone notification system "**One Call Now.**"

Delayed Openings: Superintendent will notify the public by the same procedure as "no school" announcements.

Parents and students are requested not to call the Police Station, Fire Station, Bus Contractors, School Principals, or the Superintendent of Schools for "no school" information. Information will not be available from these sources.

- When a school day is cancelled, the next school day is the same number as the one missed. The subsequent day is as scheduled. For example, if Day #1 is a snow day; the next school day is Day #1. The second day is #3. Day #2 is dropped.

Chronic or Recurring Illness

Any student who has a chronic or recurring illness and who will miss frequently because of this illness (physical, emotional, or mental illness) should procure from the doctor documentation of this illness and confirmation that the illness may necessitate frequent absence from class or school. This documentation should be filed with the nurse.

Tutoring Services

If a student is absent due to illness for more than 14 days of school, a tutoring application with its regulations should be secured from the Office of Student Services (640-7818).

College Visits/Tours

Only Juniors and Seniors, who have completed the permission form from Guidance **PRIOR** to the visit **and provide documentation** of said visit upon return to school, will receive the designation of school business for the absence.

If tardiness causes the student to miss one or more classes, a note from his/her parent or guardian stating the reason for tardiness is required. **Failure to report to the office after 7:30 to complete the proper sign-in procedure may result in suspension.**
- If a student misses more than 20 minutes of a class, it will be considered an absence from that class. This "absence" will be included in the total number of absences subject to the Attendance Policy requirements.
- All dismissal notes for appointments or pre-planned commitments must be submitted to the attendance office prior to the start of the school day for approval. Dismissal notes must be dated and signed by a parent or guardian. Notes must include a telephone number where the parent or guardian can be reached between 8:00-10:00 AM, the specific valid reason for dismissal and the student's name. After 7:30 AM parents are encouraged to call the school and forward written authorization via e-mail to attendance@tewksbury.k12.ma.us. The school reserves the right to verify appointments with a doctor's documentation. **Failure to report to the office before 7:30 to complete the proper sign-out procedure may result in suspension.**

- Habitual tardiness will be subject to disciplinary action which may include but is not limited to: forfeiture of parking pass, suspension from extracurricular activities, clubs and athletics, and possible detentions and suspension. See guidelines below:

Family Trips

Please be aware that any student, with parent/guardian permission, taking school days as vacation days must arrange for class/course assignments prior to these absences. All work will be due upon return to school. Note: These absences may not be considered school business or excused absences.

Course Recommendation Override and Change Policy

Course recommendations are made by teachers each spring for the following school year based on classroom performance and other objective measures. On occasion the student and family may decide to override this recommendation by submitting a Course Recommendation Override Form (available on the school website or in the Guidance Office). This form must be turned in to the appropriate department head before April 1. Course Recommendation Override forms will not be available to students after April 1.

During the year, occasionally students need to move to a different level of a course. A Course Level Change Form (available on the school website or in the Guidance Office) must be completed prior to consideration of the requested change. The following criteria will be considered in making a course level change:

1. Course level changes will only be permitted if an obvious placement error has been made as determined by the teacher, department supervisor, counselor, and administration.
2. If a student is failing in a course after every effort has been made to do the required work and seek out extra help, a course level change may be considered.

When a course level change is made, the grades earned will be transferred to the new class. Course level changes will be processed at progress reports and at the end of Q1 and Q2.

Making a Guidance Appointment

- All students are encouraged to make an appointment with their guidance counselor. This is done by filling out an appointment sheet in the Guidance Office.

Student Records

Tewksbury Memorial High School maintains two types of student records: the transcript and the temporary record known as the cumulative record. The Transcript is an administrative record that constitutes the minimum data necessary to reflect the student's educational progress. This data shall be limited to the names, address and phone number of the student and his parents, course titles, grades, grade level and year completed. The student's transcript shall be maintained by the school department and may only be destroyed 60 years following the student's graduation, transfer, or withdrawal from the school system, at the discretion of the School Committee. The Temporary Record shall consist of the information important to the educational process such as standardized test results, and evaluations by teachers, counselors, and other staff members. The temporary record is given to Seniors after graduation. A student transferring from a local system must provide the new school system with a complete record of the entering student. Said record shall include, but is not limited to, any incidents involving suspension or violation or criminal acts or any incident reports in which said student was charged with any suspendable act.

According to Massachusetts General Law, Section 37H, when a student is expelled under the provisions of this section and applies for admission to another school for acceptance, the superintendent of the sending school shall notify the superintendent of the receiving school of the reasons for the pupil's expulsion. Requests for access to the records may be made by the student and/or his or her parents and such requests shall be honored within a ten day period. The student and/or his parents shall have the right to add information to the record according to procedure of appeal in the event of disagreement. The above shall be the rights of the student upon reaching 14 years of age or upon entering the 9th grade. If a student is under this age or grade requirement, these rights shall be exercised by the parents. If a student is from 14-17 years of age and has entered the 9th grade, both the student and his or her parents shall exercise these rights. A student 18 years of age or older may limit the rights of his/her parents by written request to the school principal or superintendent. A copy of the complete regulations may be obtained in the Principal's Office.

With few exceptions, information in a student's record will not be released to a third party without the prior written consent of the eligible student and/or a parent having physical custody of a student under 18 years of age. Two notable exceptions are: Directory Information- a student's name, address, telephone listing, date and place of birth, major field of study, dates of attendance, weight and height of members of athletic teams, class, participation in officially recognized activities and sports, degrees, honors and awards, and post-high school plans. Recruiting Information for the Armed Forces and Post Secondary Educational Institutions- Upon request from military recruiters and/or representatives of post secondary educational institutions the Tewksbury Public Schools will provide the name, address and telephone listing for all secondary students. If an eligible student and/or parent does not want DIRECTORY INFORMATION or RECRUITING INFORMATION released, they must contact the principal in writing.

Support/Peer Mediation

One of our goals at TMHS is to have a safe and supportive learning environment for all students. To this end, faculty work to provide a supportive team for all students. Students who are seen by fellow students or faculty members as experiencing a difficult time should be referred to a guidance counselor, administrator or a teacher.

Messages from Home

Except in the case of an emergency, no student will be called out of class to receive a message. Important messages from parents/guardians given to the secretaries will be delivered to the student by the end of the school day.

Visitors

Only students seriously contemplating possible attendance at TMHS are welcome to tour the building or attend classes. Approval by the principal and a scheduled appointment made through the Guidance Office are required prior to the visit.

Work Permits

Students should request work permits at the beginning of the school day at the Main Office from a secretary. The work permits will be ready at the close of that school day. During the summer months call (978) 640-7825 for an appointment.

Discipline Code

All students are expected to conduct themselves in an appropriate manner at all times. Although all possible infractions cannot be listed in this handbook, some general categories are addressed in this section. The school will assess disciplinary consequences for any infraction it deems a violation of proper conduct.

Cell Phones and Electronic Devices

Electronic devices may not be on in classrooms or in hallways during class time unless they have the approval of the classroom teacher and are being used for educational purposes. Students who do not adhere to the policy will be required to turn them into their classroom teacher or administrator to be held for the duration of the class. Refusal to comply may result in additional consequences. (See Behavioral Expectations Level III) . To conduct personal business, students may only use an electronic device during lunches or during passing time.

Use of a personal electronic device's audio or visual recording features requires permission and prior approval of an administrator or teacher.

Please remember that students who bring these devices to school do so at their own risk. The school is not responsible for the loss, destruction or theft of student's property. It is expected that all electronic devices are charged at home.

Acceptable Use Policy

- E-mail systems
- All student use of the Internet is to be conducted under faculty supervision.
- The sole purpose of Internet access is to support education and research by providing students and teachers with unique resources and an opportunity for collaborative work.
- All students who use Tewksbury's Internet system are expected to read the School Committee's guidelines and adhere to the School Committee's policy regarding Internet access.
- The Acceptable Use Policy will be provided to students by faculty, librarian, or administrator. It will also be available at the TMHS Main Office and the school district website.
- The Tewksbury Public Schools disclaim all liability for the content of material that a student may access on the Internet, for any damage suffered in the course of or as a result of the student's Internet use, and for any other consequences of a student's Internet use.
- Inappropriate Internet use may result in disciplinary action.

Detention Policy

Detention is assigned to the student for unacceptable student behavior. Students should fully understand that any teacher in the building has the authority to correct misconduct at any time. In the event the student fails to make arrangements to stay after school for detention when he/she has been properly notified, this action may result in a suspension from school. After school activities and after-school employment are unacceptable reasons for not attending detention. Detentions will be assigned Tuesday through Thursday from 2:00 PM to 3:00 PM. Teacher detention may also be assigned for minor classroom infractions and will be served at the teacher's discretion.

Dress Code

In accordance with Massachusetts State Law there is an expectation that students dress in keeping with reasonable standards of safety, health and cleanliness, so as not to detract from, or disrupt, the educational process. The administration reserves the right to ask students to change any attire that disrupts the educational process or environment, promotes illegal activities or violated health or safety and cleanliness standards. Footwear must be worn at all times.

Clothing which could create an actual disruption or disorder to the learning environment includes, but is not limited to:

- Clothing or jewelry that displays slogans, insignias, or designs that advertise alcohol, drugs or sexual material which promote products or activities that are illegal, profane or suggestive.
- Clothing or jewelry which is disparaging to others in the school environment and contains slurs regarding race, ethnicity, religion, disabilities or sexual orientation.

It is the teacher's discretion to set the standard of whether hats are permissible in their classroom and to outline that standard in their class contract. Students will be permitted to wear hats when passing between classes and in social areas of the school (cafeteria, library).

Repeated violations of the dress code will result in disciplinary action.

Due Process

All students will be granted due process whenever deprived of their right to an education through exclusion from their regular classroom instruction or from other school activities, including: suspension, expulsion, transfer, probation or withdrawal of privileges and exclusion from graduation ceremonies. The right of due process includes the right to a fair hearing prior to any of the above exclusions, except for emergency suspension.

Loitering

Students are not to loiter about the building or on school grounds after their daily programs are completed. Students must have a valid reason for remaining in school after school dismissal. Coaches and club advisors holding practices or meetings after school hours are responsible for student supervision.

Suspension Policy

All students may be suspended from school for serious infractions of school regulations. This policy is pursuant to MGL Chapter 71; Section 37H3/4.

<https://malegislature.gov/Laws/GeneralLaws/PartI/TitleXII/Chapter71/Section37H3~4>

Any student who is suspended from school for more than 10 days has the right to appeal to the Superintendent. The appeal must be submitted in writing to the Superintendent within five (5) calendar days of the effective date of the long term suspension.

Violation of narcotics laws, possession or use of alcoholic beverages, hazardous or unauthorized use of automobiles, weapons or fireworks, or violation of any local, state or federal law may not only result in suspension or expulsion but also can be subject to police/fire department notification.

Any student suspended from school will be ineligible to participate in any and all school sponsored activities during the time of suspension. The ineligibility begins at the time the

decision to suspend is made and ends at the completion of the suspension and a reinstatement conference between parent, student and administrator.

A student who is suspended may not loiter or appear on school property. It is the student's responsibility to make up missed tests or quizzes within a reasonable number (equivalent to the number of days suspended) of days.

A re-entry meeting with the student, parent/guardian, and a school administrator may be necessary to return to school once the suspension is complete.

Alcohol/Drug Policy

Introduction

The following procedures have been developed to assist school personnel in administering this unified community and school-wide drug/alcohol policy and to inform parents of disciplinary actions taken with students who violate this policy. The purposes of these procedural regulations are to:

- discipline any student found to have violated the policy
- involve the student's parent(s)/guardian(s) in a program designed to help the student
- apprise the Tewksbury Police department if warranted

Confidentiality

Students are encouraged to seek the assistance of teachers, administrators, and other school personnel, but must be aware the confidentiality will be maintained only if the rights of others are not infringed upon. The School Committee encourages its personnel to engage in counseling sessions aimed at assisting students who come to them with a drug/alcohol problem and supports the maintenance of confidentiality at each session.

Conducting a Search

When it is reasonably determined that a student may possess or be under the influence of drugs or alcohol, a designated school official may conduct a search of the student's person, immediate possessions, lockers, car, etc.

Prescription and Nonprescription Drugs

Any student who is required to carry a prescription or nonprescription drug in his/her possession during school hours must, immediately upon entering the school building, deposit the medication with the school nurse. If a nurse is not available, the administrator in charge must be contacted and informed of the need for medication. The nurse will supervise, when necessary, the administration of such medication to each student. There will be a penalty if the procedure is not followed.

Voluntary Drug/Alcohol Treatment

The school department commends those students voluntarily seeking drug/alcohol treatment or advice and will recommend possible outside counseling/support services. Financial limitations of the student and family should not prevent seeking such assistance.

If the student is seeking assistance and is at that time not in direct violation of this policy, school personnel will, without penalties:

- immediately consider the best possible course of helping the student
- involve the parents as soon as it is considered appropriate
- allow the student the opportunity to make up any school work missed during any extended treatment period

The seeking of voluntary assistance in no way eliminates the student's responsibility to adhere to any other section of this policy.

Suspected Use/Being Under the Influence/Possession/Distribution

Any person on school property, on a school bus, or involved in any related school activity, suspected of using, being under the influence of, in possession of, or distributing, a drug or a look-alike drug, or alcohol or what appears to be alcohol, or low/non-alcoholic beverage, or Vaping or Vape device, will be immediately reported by school personnel to the appropriate administrator. A written report of that person's observations to the administrator will follow.

If the suspected person is a student, and the parent(s)/guardian(s) can be reached by phone, they will receive an immediate oral notification to be followed by a written report. The principal or designee will meet with the student and determine if the Alcohol/Drug Policy has been violated

Actual Use/Being Under the Influence/Possession/Distribution

Following an investigation by the principal or designee, any student found to have used, to have been under the influence of, to have possessed, or to have distributed, drugs or look-alike drugs, alcohol or what appears to be alcohol, or Vaping or Vape device, on school property, on a school bus, or at any school sponsored event, can expect immediate administrative disciplinary action as outlined below:

First Offense

- Notification of parent(s)/guardian(s)
- Removal from school property
- Report filed with the superintendent of schools, school committee and police
- Confiscation of all items related to the offense to be given to police
- See [Behavioral Expectations](#) for disciplinary action
- Ineligibility to participate in any/all school sponsored activities for duration of suspension
- Meeting of student, parent(s)/guardian(s) with principal or designee within two (2) school days of the suspension

- The Billerica Adolescent Recovery Program (BARP) is an alternative program for students who are caught on school property, and/or by law enforcement for drugs and/or alcohol. This program, conducted over a 5 week period, discusses the dangers and consequences of alcohol and/or drug use in youth. A student may be required to attend the BARP Program by the school or police department contingent on individual circumstances.

Second or Subsequent Offense(s)

- Student referred to the Superintendent of Schools and School Committee by the principal for a hearing with a recommendation, including possible expulsion
- Student referred to police for further review

The Community Drug Committee will serve as a resource in making pertinent recommendations for rehabilitation programs for the student and/or family if requested. For a student under the age of sixteen(16), if a CRA(Child Requiring Assistance) petition has not been filed by the parent(s)/guardian(s)/school and/or the child is not in an approved drug rehabilitation program, a complaint may be issued against the parent(s)/guardian(s). It is expected that parent(s)/guardian(s) will be responsible and follow through on plans recommended by the designated school official. Failure to do so will be grounds for continuation of disciplinary action.

The student may be removed from the Tewksbury Public School System and a suitable alternative educational program will be provided as so deemed by the School Committee. The case will be reviewed for readmission at the end of a predetermined time.

In all cases of any violation of this policy, the School Committee will take any and all pertinent action they deem necessary to ensure the learning process and to protect the educational rights of the students in the Tewksbury Public School System

MIAA Chemical Health Policy

From the earliest fall practice date, to the conclusion of the academic year or final athletic event (whichever is latest), a student shall not, regardless of the quantity, use, consume, possess, buy/sell, or give away any beverage containing alcohol; any tobacco product (including e-cigarettes, , VAP pens & all similar devices); marijuana (including synthetic); steroids; or any controlled substance. It is not a violation for a student to be in possession of a defined drug specifically prescribed for the student's own use by his/her doctor. This MIAA statewide minimum standard is not intended to render "guilt by association", e.g. many student athletes might be present at a party where only a few violate this standard. This rule represents only a minimum standard upon which schools may develop more stringent requirements.

To review the MIAA Chemical Health Policy in its entirety and to see minimum penalties, please visit the following link:

Harassment

Any verbal or physical conduct that is unwelcome or that unreasonably interferes with a student's performance is harassment. Harassment and verbal abuse directed to or against any student or staff member are serious offenses. This includes bullying and cyber-bullying. Students with differentiating characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting status, sexual orientation (lesbian, gay, bisexual, transgender, questioning), mental, physical, developmental or sensory disability or by association with a person who has or is perceived to have 1 or more of these characteristics, will be provided support and anti-bullying skills, knowledge and strategies needed to prevent or respond to bullying or harassment of the student with differentiating characteristic(s) and the peer group.

Students are prohibited from knowingly making false statements or knowingly submitting false information during a grievance process, including but not limited to harassment and bullying reports and investigations.

Bullying:

The repeated use by one or more students of a written, verbal, or electronic expression or a physical act or gesture or any combination thereof, directed at a victim that: (i) causes physical or emotional harm to the victim or damage to the victim's property; (ii) places the victim in reasonable fear of harm to himself or of damage to his property; (iii) creates a hostile environment at school for the victim; (iv) infringes on the rights of the victim at school; or (v) materially and substantially disrupts the educational process or the orderly operation of a school. The [Bullying Policy](#) and the [Bullying Prevention and Intervention Incident Reporting Form](#) are found on our website.

Cyber-bullying:

Bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications. Cyber-bullying shall also include (i) the creation of a web page or blog in which the creator assumes the identity of another person or (ii) the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying. Cyber-bullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be assessed by more than one person, if the distribution or posting creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying.

After hearing of the alleged harassing incident, the principal will request that a signed, written letter be directed to the alleged harassing person from the harassed student. The letter will include the date, time and description of the event. The letter will also state that the action was unwelcome and should cease and desist. This will allow the alleged harasser an opportunity to respond. A copy of the letter will be kept on file by the principal.

Massachusetts General Law (M.G.L. c. 71), as added by Chapter 92 of the Acts of 2010, outlines a bullying prevention and intervention plan. All school policies and procedures regarding bullying and cyber-bullying behavior will follow our school handbook, state law, and the policy and procedures of the Tewksbury School Committee.

Further harassment after written notice will result in a hearing conducted by the principal. The parents will be contacted. The totality of the circumstances, the nature of the conduct and the context in which the alleged conduct occurred will be investigated. After due process has been afforded, a decision will be rendered. Harassment will be considered a breach of school rules and may result in suspension and/or police involvement. Such incidents will be treated on an equal basis with those incidents of bias or hatred which may involve state and/or federal law.

Hazing

The term "hazing" shall mean any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other persons.

Whoever knows that another person is the victim of and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to himself or others, report such crime to an appropriate school administrator as soon as reasonably practicable.

A student found guilty of hazing at TMHS will be subject to disciplinary action up to and including possible expulsion and police notification.

Sexual Harassment

Any unwelcome sexual advances, request for sexual favors, and other verbal or physical conduct of a sexual nature, when submission to, or rejection of, such conduct or communication is either an explicit or implicit term, is considered sexual harassment. Additionally, any such unwelcome sexual conduct or communication which has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment is likewise prohibited.

Verbal abuse or any vulgarity referring to any person's gender will be considered unwelcome, uncalled for, unwarranted, and subject to disciplinary action. Students/teachers should submit a signed, written report to the principal. A report will be filed with the assistant superintendent who serves as the coordinator of Title IX within 24 hours of the alleged conduct. A hearing will be

held by the principal and a conclusion drawn. An appeal of any decision can be made to the assistant superintendent at (978) 640-7810 prior to the disposition of the matter.

Students are prohibited from knowingly making false statements or knowingly submitting false information during a grievance process, including but not limited to harassment and bullying reports and investigations.

Safe Schools Legislation

The School Committee intends that the administration and school principals be given a full range of authority in accordance with the guidelines of the Educational Reform Act of 1993 in order to prevent, address, and hold accountable those responsible for school related violence and other behavior that is not conducive with attendance in a public school.

Two important pieces of legislation related to safe schools are summarized as follows:

MGL Chapter 71; Section 37H

- Any student who is found on school premises, on school buses, or at school sponsored or school- related events, including athletic games, in possession of a dangerous weapon, including but not limited to, a gun or knife; or a controlled substance as defined in Chapter 94C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the principal.
- Any student who assaults a principal, assistant principal, teacher, teacher's aide or other educational staff on school premises or at school sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the principal.
- Any student who is charged with a violation of either of the preceding paragraphs shall be notified in writing of an opportunity for a hearing: provided however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the principal. After said hearing, a principal may, in their discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either of the preceding paragraphs.
- Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten (10) days from the date of the expulsion in which to notify the superintendent of the appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.

- When a student is expelled under the provisions of this section and applies for admission to another school for acceptance, the superintendent of the sending school shall notify the superintendent of the receiving school of the reasons for the pupil's expulsion.

MGL Chapter 71; Section 37H1/2

- Upon the issuance of a criminal complaint charging a student with a felony, or upon the issuance of a felony delinquency complaint against a student, a principal may suspend such student for a period of time determined to be appropriate by said principal if said principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and the reasons for suspension prior to the suspension taking effect. The student shall also receive written notification of the right to appeal and the process for appealing such suspension; provided, however, that such suspension shall remain in effect prior to any appeal hearing conducted by the superintendent. The student shall have the right to appeal the suspension to the superintendent. The student shall notify the superintendent in writing of his request for an appeal no later than five (5) calendar days following the effective date of the suspension. The superintendent shall hold a hearing with the student and the student's parent or guardian within three calendar days of the student's request for an appeal. At the hearing, the student shall have the right to present oral and written testimony on his/her behalf, and shall have the right to counsel. The superintendent shall have the right to overturn or alter the decision of the principal, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five (5) calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the suspension.
- Upon a student's being convicted of a felony or upon adjudication or admission in court of guilt with respect to such felony or felony delinquency, the principal may expel said student if such principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. (Due process procedures including notification, request for appeal and appeal hearing mirror those procedures outlined in the first paragraph above). Upon expulsion of such student, no school or school district shall be required to provide educational services to such student.

Safety Information

Fire Drills

- Students should be aware that fire exit procedures are posted in each classroom. Students must locate and consult these procedures when entering each classroom or school area.

- When the alarm sounds, students must follow the prescribed procedures quickly and quietly and leave the school building immediately with the teacher along the prescribed route. If there are any questions concerning fire exit procedures, students should consult the teacher in the classroom before an emergency exit.
- While outdoors, students must remain at least 50 feet from the school building.
- Students must stay well clear of the building and may not enter the building until the all-clear signal is given.
- The willful pulling of the alarm station causing a false alarm is an unlawful act and will be treated as a police matter.
- Every fire alarm should be treated as a real alarm. Students should not wait for confirmation by the office, but proceed immediately to the outside.

Emergency Drills

Emergency drills including those using the ALICE protocol are performed so that in the event of an actual emergency, students and staff will be prepared. Drills may be conducted once each month during the school year. Announcements will be made for emergencies other than fire. Specific information will be given to students and staff regarding the situation. Emergency drill instructions are posted in every classroom. It is important that students practice these procedures to help prepare for an emergency situation.

Security Cameras

There are camera locations inside and outside the school building. These cameras are only available for the following issues: 1) emergency response, 2) matters requiring thorough investigation, 3) protection of school assets, and 4) maintenance of a safe learning environment.

Security Monitor

The role of a security monitor is to provide a presence in the building as well as on the school grounds. He/she has the responsibility to report to administrators any issues relating to safety concerns. This person is a member of the staff and has the same authority with students as faculty and administrative personnel.

School Resource Officer

The School Resource Officer is responsible for investigating crimes and offenses involving juvenile offenders, providing a positive influence in deterring delinquent behavior, and working with the administrators of the high school on appropriate police matters.

Supervisor of Attendance

The Attendance Officer is responsible for encouraging good school attendance, responding to the administration of the high school on truancy matters, verifying residence issues, and applying for CRA complaints.

Search and Seizure

Students have a legitimate right to privacy; however, this right must be balanced against the school department's need to maintain a school environment that is conducive to learning. School officials are not required to obtain a warrant before searching a student under their authority provided there is a basis for reasonable suspicion. The administration of TMHS reserves the right to conduct student, locker and vehicle searches for possession of articles of contraband if reasonable suspicion is evident. Illegal articles will be confiscated and law enforcement officials may be notified. In addition, parents will be contacted and students may be suspended. In the interest of the safety of all students, police with police dogs may conduct random searches of school property.

Warranted Police Intervention

Situations that warrant police intervention include but are not limited to:

- Student possession of a weapon on school property or at a school sponsored event.
- Fights on school property or at a school sponsored event that results in significant injury to one of the individuals involved.
- Certain drug and alcohol offences

Weapons and/or Firearms

Any student who carries on his/her person, while on school property or at school functions, any stiletto, dagger, or a device or case which enables a knife with a locking blade to be drawn at a locked position, any ballistic knife, or any knife with a detachable blade capable of being propelled by any mechanism, dirk knife, any knife having a double edged blade, or a switch knife, or any knife having an automatic spring release device by which a blade is released from the handle having a blade of any size or length--any knife whatsoever, will be suspended indefinitely, the police notified, and a pre-expulsion hearing held.

Further, any student who carries, while on school property or at a school function, metallic knuckles, nunchaku, zoobow, also known as klackers or kung fu sticks or any other similar weapon as determined by the administration will be suspended indefinitely, the police notified, and a pre-expulsion hearing held.

Any student who carries on his/her person, notwithstanding any license obtained by him or her, a firearm loaded or unloaded or any other dangerous weapon in Tewksbury Memorial High School will be suspended indefinitely, the police notified, and a pre-expulsion hearing held per MGL, Chapter 71, Section 37H.

General Information

AHERA Regulations

As per the requirements of 40 CFR 763 section 84(f) of the AHERA regulation, asbestos inspections and management plans are available for review at the office of the building principal during normal working hours.

No Child Left Behind

Under the 2001 No Child Left Behind Act signed into law by President Bush, school systems are required to release lists of students to the Military for the purpose of recruitment. Any parent that specifically objects to the release of his/her child's name must request to the principal that such a release not be made. This request must be made in writing. [See Student Records](#).

Title IX and Chapter 622 Policy

It is the policy of the Tewksbury Public Schools not to discriminate on the basis of sex, religion, color, or national origin in the educational program, activities, or employment policies as required by Title IX of the 1972 Education Amendments and Chapter 622 of the Acts of 1971. Complete policy available in the Main Office.

A student or employee in the Tewksbury public schools who feels that he/she has a grievance under Title IX or Chapter 622 shall file it in writing to the following:

- Level 1 - Principal
- Level 2 - Assistant Superintendent
- Level 3 - Superintendent of Schools
- Level 4 - School Committee

Students are prohibited from knowingly making false statements or knowingly submitting false information during a grievance process, including but not limited to harassment and bullying reports and investigations.

Section 504 Procedures for Students with Disabilities

Any student who needs, or is believed to need, special accommodations, related services or programs under Section 504 of the Rehabilitation Act of 1973, may be referred to the Guidance Department Head for further action. A 504 Parents' Handbook with further details is available in the Guidance Office.

Screening, Brief Intervention, and Referral for Treatment (SBIRT)

Tewksbury Memorial High School will conduct annual screenings of ninth grade students to reinforce positive choices regarding substance abuse and to assist those students who have abused substances or who are at risk of future substance abuse. This is in compliance with Section 15 of Massachusetts House Bill No. 4056. Please see our website for a letter from Superintendent Malone which outlines specific details of this screening.
