Consultoria

Na TMHS, acreditamos na importância da conexão aluno/professor. Nosso objetivo ao criar um bloco consultivo é ajudar promover uma cultura escolar positiva e personalizar todas as experiências de aprendizado dos alunos. Um dos objetivos do Advisory Block é permitir que os alunos tenham tempo para descobrir quem são, para onde estão indo e como chegarão lá. Por meio de consultoria, cada aluno tem um professor adicional que os conhece e pode ajudá-los a navegar no ensino médio para que eles saiam com um plano significativo e personalizado e estejam preparados para opções pós-secundárias.

- A assessoria se reúne quatro vezes por ano.
- Grupos de aconselhamento aos alunos serão criados aleatoriamente por nível de escolaridade.

Os pais/responsáveis são de extrema importância no processo educacional, principalmente no ensino médio. Trabalhar com seu aluno e a escola ajudará a garantir a melhor experiência educacional possível para ele. Ser solidário, fornecer um local tranquilo para estudar, verificar o trabalho do aluno e comunicar-se com os professores são maneiras pelas quais os pais podem ajudar no sucesso de seu filho. O compartilhamento de informações nos permite atender melhor às necessidades do aluno.

Durante o ano letivo existem várias ocasiões programadas para interação de pais/responsáveis e professores (ver calendário escolar). A primeira é uma casa aberta, das 18h às 20h, que proporciona aos pais/responsáveis a experiência de seguir os horários de seus filhos e filhas enquanto cada professor explica os resultados e requisitos do curso, juntamente com as expectativas específicas da sala de aula. As reuniões restantes são designadas para reuniões de pais/responsáveis e professores para permitir que os pais/responsáveis tenham a oportunidade de conversar com membros do corpo docente e administradores sobre todos os aspectos dos programas da escola e o progresso do aluno. As noites da conferência estão programadas das 18:00 às 20:00. Os pais poderão fazer agendamentos através do sistema de inscrição online.

Os pais podem solicitar uma conferência a qualquer momento entrando em contato com o escritório de orientação escolar em (978) 640-7838.

Os pais são incentivados a participar de grupos como o Conselho Consultivo de Pais e o Conselho Escolar para ajudar com apoio e orientação. Além disso, os chats administrativos são agendados mensalmente para permitir oportunidades de discussões com a equipe administrativa do TMHS. Congratulamo-nos com o seu envolvimento.

Consulte o [Calendário Escolar](#) para obter informações específicas sobre as datas das Conferências de Casa Aberta e de Pais.

elegibilidade é determinada no final de cada trimestre. Todos os alunos devem passar o equivalente a quatro (4) aulas principais em qualquer área de conteúdo (consulte Clusters Eletivos no [Programa de Estudos](#) para cursos que podem ser cursados consecutivamente durante um ano acadêmico para serem considerados equivalentes a um curso de um ano inteiro) para serem considerados elegíveis para participar de esportes e outras atividades extracurriculares. Os alunos considerados inelegíveis serão notificados por escrito no final de cada trimestre e no final do ano. Consulte [a Regra 58 da MIAA, página 57-58 do Manual da MIAA](#).

Declaração de Equidade de Gênero para Atletismo

As Escolas Públicas de Tewksbury estão comprometidas em fornecer aos alunos-atletas transgêneros oportunidades iguais de participar de programas atléticos da TMHS consistentes com sua identidade de gênero.

Portanto, esta política aborda as determinações de elegibilidade para alunos que têm uma identidade de gênero diferente do gênero listado em suas certidões de nascimento oficiais. As Escolas Públicas de Tewksbury concluíram que seria fundamentalmente injusto e contrário às leis estaduais e federais aplicáveis impedir um aluno de participar de uma equipe esportiva

específica de gênero que seja consistente com a identidade de gênero pública desse aluno para todos os outros propósitos.

Para fins de participação esportiva, o MIAA adiou a determinação do aluno e sua escola local quanto à identificação de gênero.

A este respeito, o distrito escolar deve determinar a elegibilidade do aluno para participar de uma equipe esportiva específica de gênero.

Assim, quando uma equipe das Escolas Públicas de Tewksbury envia uma lista para o MIAA, ou qualquer outro órgão governamental, está verificando se determinou que os alunos listados em uma equipe esportiva específica de gênero têm direito a participar dessa equipe devido ao seu gênero. identidade e que o distrito escolar determinou que a expressão da identidade de gênero do aluno é de boa-fé e não com o propósito de obter uma vantagem injusta no atletismo competitivo.

Os alunos que desejam participar de uma equipe esportiva específica de gênero que seja diferente da identidade de gênero listada nos registros escolares atuais do aluno são aconselhados a abordar a questão da identidade de gênero com o Diretor de Esportes e/ou o Diretor da Escola bem antes do prazo para determinações de elegibilidade atlética para uma temporada esportiva atual.

Os alunos não estão autorizados a experimentar simultaneamente para equipes esportivas de ambos os sexos. Nada nesta política deve ser lido para dar a um aluno o direito de seleção para qualquer equipe em particular ou para permitir que um aluno se transfira de uma equipe de gênero específico para uma equipe de gênero diferente durante uma temporada esportiva. Além disso, as Escolas Públicas de Tewksbury devem esperar que, como uma questão geral, após a questão da identidade de gênero ter sido abordada pelo aluno e pelo distrito escolar, a determinação permaneça consistente para o restante da elegibilidade para esportes do ensino médio do aluno.

As escolas públicas de Tewksbury concluíram que esse critério é consistente com a política da MIAA e suficiente para excluir a probabilidade de um aluno reivindicar uma identidade de gênero específica com o objetivo de obter uma vantagem percebida na competição atlética.

A Política acima foi baseada na Política 28 da MIAA. Equidade de Gênero e Liderança encontrada em

http://www.miaa.net/gen/miaa_generated_bin/documents/basic_module/GenderIdentityIcon.pdf

Atividades escolares/danças/atividades extracurriculares

Somente alunos atuais do TMHS são permitidos nas funções da escola, incluindo danças, com exceção do baile onde um aluno não TMHS deve ser acompanhado por um aluno do TMHS. Para se qualificar para participar de eventos patrocinados pela escola (ou seja, baile, bailes, eventos esportivos, eventos de clubes/atividades, etc.), todos os alunos devem participar **de três aulas completas** no dia do evento. Os alunos não podem comparecer a nenhuma função escolar durante o período de suspensão da escola.

Elegibilidade

para a Semana da Terceira Idade Para participar das atividades da Semana da Terceira Idade, incluindo o Baile de Formatura, o aluno deve ser elegível para se formar naquele ano.

Quotas de classe

Há uma taxa avaliada anualmente para cada aluno para quotas de classe. Este dinheiro é usado para ajudar a custear as atividades patrocinadas pela classe, anuário, baile de formatura, atividades da última semana, etc.

Informações

Acadêmicas Honestidade

Acadêmica A honestidade acadêmica é esperada de todos os alunos. Trapacear de qualquer forma, incluindo plágio, é uma violação dessa expectativa.

A Tewksbury Memorial High School tem uma política de não tolerância em relação ao plágio. O ato de plágio/trapaça é definido como, mas não limitado a:

1. O uso do trabalho de outra pessoa para representar seu próprio trabalho ou esforços.
2. Qualquer esforço para tirar uma “vantagem injusta” sobre outros alunos é trapaça, ou seja, usar folhas de cola, copiar o trabalho de outro aluno, dar ou receber informações específicas de teste ou tarefa para ou de outro aluno.
3. Uma pessoa que fornece informações a outra para ajudar a outra pessoa também é culpada de trapaça.
4. Tenta copiar ou recuperar a documentação do exame por meio de formulário escrito ou digital.
5. O uso, seja por paráfrase ou citação direta, do trabalho de outra pessoa sem reconhecimento completo e claro.

Se ocorrer plágio acadêmico, o professor informará o aluno, os pais e a administração do incidente e o(s) aluno(s) receberá, adicionalmente, uma nota zero para o teste ou tarefa. Se ocorrerem reincidências, medidas mais rigorosas serão tomadas pela administração em relação ao(s) aluno(s) envolvido(s).

casa

de casa na TMHS é uma oportunidade para reforçar o aprendizado e a compreensão do aluno, ao mesmo tempo em que promove o pensamento independente, a responsabilidade e a prestação de contas. Os trabalhos serão uma prática reflexiva cujo objetivo é promover a aprendizagem e a independência ao longo da vida. Ao concluir a lição de casa, os alunos são responsáveis pelo domínio do conteúdo para aprimorar as atividades de aprendizado do dia, a

fim de desenvolver sua autodisciplina acadêmica e criatividade, permitindo que se tornem cidadãos do século XXI.

Cada curso tem uma forma de lição de casa com expectativas diferentes dependendo do nível; ou seja, AP, Honors e CP têm expectativas decrescentes quanto ao tempo gasto em tarefas. Trabalho de casa concluído significa que o professor determinou que o aluno fez uma tentativa digna de crédito na tarefa de casa. A política de notas para toda a escola afirma que 80% da nota de um semestre é composta por testes, questionários e outras medidas objetivas e até 20% é composta por trabalhos de casa e participação na aula.

Em caso de ausência do aluno, recomenda-se que os trabalhos diários sejam obtidos com os professores, Aspen, Google Classroom. O orientador do aluno está disponível para ajudar os alunos/pais a obter o trabalho perdido durante uma ausência prolongada. Devem ser feitos arranjos para pegar as tarefas e devolvere as 13h49.

Ajuda Extra

- Todos os alunos são incentivados a procurar ajuda extra dos professores se não entenderem uma tarefa, se acharem o trabalho difícil, se estiverem legitimamente ausentes, conforme mencionado na seção de política de frequência deste documento. Um professor solicitará que um aluno fique depois da escola se for aparente que ele/ela está tendo dificuldades com seu trabalho.
- Os professores reservam tempo extra de ajuda e tempo de conferência dos pais a cada semana. Consulte o professor para a sua agenda. As conferências com os professores devem ocorrer antes ou depois das aulas ou em qualquer horário pré-estabelecido e conveniente.
- O NHS oferece assistência tutorial aos alunos depois da escola. Para obter mais informações, consulte o seu conselheiro de orientação ou o conselheiro da NHA.

Trabalho de Recuperação

Todos os alunos ausentes podem repor o trabalho perdido. O aluno é responsável pelo trabalho atribuído antes do dia da ausência e deve apresentar o dever de casa no dia em que retornar à escola.

O aluno é inteiramente responsável por reunir-se com o professor para agendar a reposição de todos os trabalhos perdidos durante a ausência. Testes/quizzes serão agendados de acordo com a conveniência do professor. Todos os trabalhos de reposição devem ser concluídos dentro de um prazo igual ao número de dias de ausência, mais um. Projetos/tarefas de longo prazo com aviso prévio de uma semana ou mais devem ser entregues na data de vencimento. Se um aluno estiver ausente nessa data, os arranjos devem ser feitos até a data de vencimento para entrega ao professor.

Um grau de "M" denota um médico. Isso só é dado com aprovação administrativa.

Grade Point Average é obtida dividindo o número total de pontos de qualidade pelo número total de créditos. A média de notas será usada para determinar a elegibilidade do NHS e a graduação com honras. GPA é calculado usando as notas finais do curso.

Reconhecimentos Acadêmicos

Lista do Diretor de - Esta categoria homenageia os alunos que recebem uma nota "A" em cada curso ao final de cada período de avaliação.

Recovery/Enrichment

Summer School

Any failing grade between 45 and 59 as well as any loss of credit due to excessive absences may be made up in summer school. A student must have prior approval of the guidance or principal's office before registering in a summer school program other than our Summer School Program at TMHS.

Students may take enrichment courses through our Summer School Program or at a local state college or community college if the courses meet for a minimum of 40 hours (summer school

program) or 30 hours (college level). Courses taken for enrichment will be listed on the student's transcript but may not be applied to graduation requirements. All students taking courses during Summer School will be required to pay a fee per course.

Attendance Policy

Philosophy

The Tewksbury School Committee and the administration and faculty of Tewksbury High School recognize that successful academic achievement is virtually impossible without daily attendance in class. Students are encouraged to maintain the best attendance record possible. Parents and students should understand that the limits prescribed by the attendance policy in no way suggest an acceptable level of absenteeism. Absences, tardiness, and dismissals are expected only in the case of illness or legitimate family emergencies.

School Absences

A student may not exceed 18 absences in a full year course and 10 absences in a semester course. If a student passes the course, but loses credit for excessive absences, he/she will receive a grade of "N" on the report card, indicating No Credit due to poor attendance. If the student exceeds five (5) absences in a term, he/she receives an "N" for that term. A student can still receive a passing grade for the semester or year if he/she maintains a passing grade average and does not exceed his/her absences beyond the end of the course. If a student does exceed the number of absences for the rest of the course, then he/she will have an "N" on their transcript unless the student completes his/her work in summer school. If a student is not present for at least three full blocks, he/she will be considered absent for the day.

Classification of Absences

Exempt Absence: When a student is absent for medical reasons (doctor's note required), religious observance (parent call required), court appearance (court documentation required), funeral, college visits (juniors and seniors only-visits require counselor approval), or field trips, then that student is classified as "exempt." An exempt absence does not count toward the allotted (20/10) absences. Students should contact their teachers to make up any work missed while absent.

Excused Absence: For an absence to be classified as excused, a parent must call the child's school on the morning of the absence or the student must present a note from a parent upon his or her return to school. An excused absence counts toward the allotted (20/10) absences. Students should contact their teachers to make up any work missed while absent.

Unexcused Absence (Truant): When a student is absent from school and no phone call or note has been received from a parent verifying the absence, the student is classified as "unexcused/truant". An unexcused absence/truancy counts toward the allotted (20/10)

absences. Students may not be eligible to make up work missed while truant.

Absence Notification

1. *Unexcused Absence (Truant):*

- a. Within 3 days, parents/guardians will be notified of the student's absence.
- b. Following the 5th unexcused absence, a letter will be generated from the principal's office, or the principal's designee, notifying the parent, in writing, of the student's absences, and requesting a meeting with the parent to discuss the student's attendance. The letter will direct the parent to contact the principal's office, or the principal's designee, within 5 school days to schedule a meeting. If the parent does not contact the principal's office or the principal's designee, within 5 school days, the principal's office, or the principal's designee, will call the parent for purposes of scheduling a meeting.
 - i. At the meeting, the principal, assistant principal or other designee, the parent and the student must develop action steps to address the student's attendance. Other relevant school personnel and officials from public safety, health and human services, housing and nonprofit agencies, may offer input into the development of action steps.

2. *Excused Absence and/or Unexcused Absence:*

- a. Following the eighth (8th) non-exempt absence, a letter will be sent home to parents notifying them of their child's attendance.
- b. Following the ninth (9th) nonexempt absence for a semester course or eighteenth (18th), non-exempt absence for a full year course, a letter will be sent home to parents notifying them their child may have lost credit in at least one course (high school only).
- c. Following the eighth (8th) non-exempt absence in one quarter, the principal or designee may choose to file a Child Requiring Assistance (CRA) to support the student in attending school.

Loss of Credit Make-Up Opportunities

If students do not receive credit for the course due to excessive absences, they may retake the course in our Summer School program or retake the course the following year. See [Summer School/Enrichment](#) for information about Summer School eligibility.

School Cancellations

Schools will be closed only in the case of severe, inclement weather. Announcements relative to closing schools for inclement weather will be carried by television stations, **Twitter@tpsdistrict**, and through the district's telephone notification system "**One Call Now.**" Delayed Openings: Superintendent will notify the public by the same procedure as "no school" announcements.

Parents and students are requested not to call the Police Station, Fire Station, Bus Contractors, School Principals, or the Superintendent of Schools for "no school" information. Information will not be available from these sources.

- When a school day is canceled, the next school day is the same number as the one missed. The subsequent day is as scheduled. For example, if Day #1 is a snow day; the next school day is Day #1. The second day is #3. Day #2 is dropped.

Chronic or Recurring Illness

Any student who has a chronic or recurring illness and who will miss frequently because of this illness (physical, emotional, or mental illness) should procure from the doctor documentation of this illness and confirmation that the illness may necessitate frequent absence from class or school. This documentation should be filed with the nurse.

Tutoring Services

The intent of Tewksbury Public Schools (TPS) Home and Hospital Instruction is to provide a student receiving a publicly funded education with the opportunity to make educational progress even when a physician determines that the student is medically unable to attend school. In compliance with the Massachusetts regulations 603 CMR 28.03(3)(c) and 603 CMR 28.04(4), TPS Home and Hospital Instruction collaborates with schools, parents, physicians, agencies and hospitals to ensure alignment of educational goals and curriculum for accurate service delivery to provide, at a minimum, the instruction necessary to enable the student to maintain progress in his/her courses of study and minimize the educational loss that might occur during the period when the student is confined at home or in a hospital.

- If a student misses more than 20 minutes of a class, it will be considered an absence from that class. This "absence" will be included in the total number of absences subject to the Attendance Policy requirements.
- All dismissal notes for appointments or pre-planned commitments must be submitted to the attendance office prior to the start of the school day for approval. - Class tardiness of less than 20 minutes is subject to the use of teacher detentions.

Course Recommendation Override and Change Policy

Course recommendations are made by teachers each spring for the following school year based on classroom performance and other objective measures. On occasion the student and family may decide to override this recommendation by submitting a Course Recommendation Override Form (available on the school website or in the Guidance Office). This form must be turned in to the appropriate department head before April 1. Course Recommendation Override forms will not be available to students after April 1.

During the year, occasionally students need to move to a different level of a course. A Course Level Change Form (available on the school website or in the Guidance Office) must be completed prior to consideration of the requested change. The following criteria will be considered in making a course level change:

1. Course level changes will only be permitted if an obvious placement error has been made as determined by the teacher, department supervisor, counselor, and administration.
2. If a student is failing in a course after every effort has been made to do the required work and seek out extra help, a course level change may be considered.

When a course level change is made, the grades earned will be transferred to the new class. Course level changes will be processed at progress reports and at the end of Q1 and Q2.

- The TMHS administration reserves the right to determine the assignment of school parking permits.
- There is a non-refundable fee of \$150 to register automobiles using the TMHS parking facilities. All students must register for a parking permit through CommunityPass at <https://register.communitypass.net>.
- If a parking permit is lost, a written validation must be presented to the principal with the circumstances related to the lost permit and if a second permit is awarded, there is a \$15.00 fee.

Parking Permits must be visible at all times, and affixed to the lower left (driver's side) corner of the back rear window of the vehicle registered with TMHS. Any student's parking permit may be rescinded or suspended by an administrator after due process is afforded the individual. The registration fee will not be refunded. Listed are some of the reasons that may cause revocation of parking privileges.

- Items "a" through "k" on the parking permit application may result in indefinite suspension of parking privilege, pending review by an administrator at a meeting with the student.
 - Failing two or more classes
 - Having greater than 9 tardies per quarter
 - Being suspended due to an infraction of school rules
 - Driving to endanger (speeding, recklessness, burning rubber, driving on the walkway, cutting across the rotary, not stopping at stop signs, passing cars on the driveway and leaving prior to the departure of all school buses without an administrator's approval)
 - Parking illegally (parking in unassigned or restricted areas)
 - Giving your parking permit to another person (including during Senior Project).

- Receiving written citations by the Tewksbury Police Department for motor vehicle violations while driving to and from school or school related events
 - Leaving the school building without permission during the school day
 - Not using a seat belt as required by Massachusetts State Law
 - Parking in restricted spaces (visitor, fire laned, snow spots, etc.)
 - Producing or using counterfeit permits
- No student has the right to park on school property without a school registered vehicle; students doing so may be suspended.
 - The permit is non-transferable and if transferred, may result in suspension and/or revocation of parking privileges.
 - Illegally parked cars may be towed or ticketed by the Tewksbury Police Department.
 - School officials, with reasonable grounds to do so, may search any vehicle parked on school property, including any and all compartments or objects contained in the vehicle, to ensure that contraband or illegal objects or substances are not on school property at any time. All school rules and conditions of the handbook extend to the entire campus including the parking areas.

Residency Requirements

All students in the Tewksbury Public School System are required to meet Massachusetts General Laws Chapter 76, Section 5 pertaining to residency. Should a question arise concerning any student's residency elsewhere while attending the TPS, the student's residency will be subject to further inquiry and/or investigation. The procedures for residency requirements and enforcement can be viewed on the Tewksbury Public School district's webpage link: <http://www.tewksbury.k12.ma.us>

School Arrival/Departure Procedures

Upon their arrival to school in the morning, all students are expected to enter the building through the main corridor doors. Students should not loiter in the student parking area before entering or after leaving the school building.

School Transportation

For high school students, riding the school bus is a privilege not a right. Students are asked to observe all safety precautions while waiting for and riding on the bus. All school regulations apply. Students who become serious disciplinary problems on the bus may have the privilege of riding on the bus suspended by the principal. In such cases, the parent/guardian of the student involved becomes responsible for transporting the child to and from school.

Students should arrive at their designated bus stop at the time posted at the beginning of the school year on the website and in local newspapers. After disembarking from a bus, students are to enter the building immediately. They are not to leave the grounds without authorization.

Buses will leave school for home at approximately 1:50 PM.

At various times during the school year, classroom training and rear/front door evacuation drills will be implemented and other pertinent transportation information will be distributed.

The Tewksbury school committee has implemented a policy regarding the use of Video Cameras on School buses. Please refer to Tewksbury Public Schools Policy Manual, File: [EEAEF/ECAF-Use of Video Camera on School Buses](#).

Student Bathrooms

Bathroom privileges will be extended to students during class on a reasonable request basis. Students are to use the closest student bathroom to the classroom they are assigned. Students are encouraged to use bathroom facilities before school, during their lunch periods and during passing times. All students are reminded that no smoking/vaping is permitted in the bathrooms or in any other location on school property. All students who fail to adhere to the above-mentioned expectations will be subject to the discipline outlined in behavioral expectations

Student Obligations

Students are responsible for the care and maintenance of all issued books and materials assigned to them. At the appropriate time the assigned books and/or materials will be returned. Lost or damaged books and/or materials will require payment.

Student Records

Tewksbury Memorial High School maintains two types of student records: the transcript and the temporary record known as the cumulative record. The Transcript is an administrative record that constitutes the minimum data necessary to reflect the student's educational progress. This data shall be limited to the names, address and phone number of the student and his parents, course titles, grades, grade level and year completed. The student's transcript shall be maintained by the school department and may only be destroyed 60 years following the student's graduation, transfer, or withdrawal from the school system, at the discretion of the School Committee. The Temporary Record shall consist of the information important to the educational process such as standardized test results, and evaluations by teachers, counselors, and other staff members. The temporary record is given to Seniors after graduation. A student transferring from a local system must provide the new school system with a complete record of the entering student. Said record shall include, but is not limited to, any incidents involving suspension or violation or criminal acts or any incident reports in which said student was charged with any suspendable act.

According to Massachusetts General Law, Section 37H, when a student is expelled under the provisions of this section and applies for admission to another school for acceptance, the superintendent of the sending school shall notify the superintendent of the receiving school of the reasons for the pupil's expulsion. Requests for access to the records may be made by the student and/or his or her parents and such requests shall be honored within a ten day period. The student and/or his parents shall have the right to add information to the record according to procedure of appeal in the event of disagreement. The above shall be the rights of the student upon reaching 14 years of age or upon entering the 9th grade. If a student is under this age or grade requirement, these rights shall be exercised by the parents. If a student is from 14-17 years of age and has entered the 9th grade, both the student and his or her parents shall exercise these rights. A student 18 years of age or older may limit the rights of his/her parents by written request to the school principal or superintendent. A copy of the complete regulations may be obtained in the Principal's Office.

With few exceptions, information in a student's record will not be released to a third party without the prior written consent of the eligible student and/or a parent having physical custody of a student under 18 years of age. Two notable exceptions are: Directory Information- a student's name, address, telephone listing, date and place of birth, major field of study, dates of attendance, weight and height of members of athletic teams, class, participation in officially recognized activities and sports, degrees, honors and awards, and post-high school plans. Recruiting Information for the Armed Forces and Post Secondary Educational Institutions- Upon request from military recruiters and/or representatives of post secondary educational institutions the Tewksbury Public Schools will provide the name, address and telephone listing for all secondary students. If an eligible student and/or parent does not want DIRECTORY INFORMATION or RECRUITING INFORMATION released, they must contact the principal in writing.

Support/Peer Mediation

One of our goals at TMHS is to have a safe and supportive learning environment for all students. To this end, faculty work to provide a supportive team for all students. Students who are seen by fellow students or faculty members as experiencing a difficult time should be referred to a guidance counselor, administrator or a teacher.

Messages from Home

Except in the case of an emergency, no student will be called out of class to receive a message. Important messages from parents/guardians given to the secretaries will be delivered to the student by the end of the school day.

Visitors

Only students seriously contemplating possible attendance at TMHS are welcome to tour the building or attend classes. Approval by the principal and a scheduled appointment made through the Guidance Office are required prior to the visit.

Work Permits

Students should request work permits at the beginning of the school day at the Main Office from a secretary. The work permits will be ready at the close of that school day. During the summer months call (978) 640-7825 for an appointment.

Discipline Code

All students are expected to conduct themselves in an appropriate manner at all times. Although all possible infractions cannot be listed in this handbook, some general categories are addressed in this section. The school will assess disciplinary consequences for any infraction it deems a violation of proper conduct.

Cell Phones and Electronic Devices

Electronic devices may not be on in classrooms or in hallways during class time unless they have the approval of the classroom teacher and are being used for educational purposes. Students who do not adhere to the policy will be required to turn them into their classroom teacher or administrator to be held for the duration of the class. Refusal to comply may result in additional consequences. (See Behavioral Expectations Level III) . To conduct personal business, students may only use an electronic device during lunches or during passing time.

Use of a personal electronic device's audio or visual recording features requires permission and prior approval of an administrator or teacher.

Please remember that students who bring these devices to school do so at their own risk. The school is not responsible for the loss, destruction or theft of student's property. It is expected that all electronic devices are charged at home.

Acceptable Use Policy

- Please see the full policy here: [☰ Technology Acceptable Use Procedures](#)
- E-mail systems
- All student use of the Internet is to be conducted under faculty supervision.
- The sole purpose of Internet access is to support education and research by providing students and teachers with unique resources and an opportunity for collaborative work.
- All students who use Tewksbury's Internet system are expected to read the School Committee's guidelines and adhere to the School Committee's policy regarding Internet access.
- The Acceptable Use Policy will be provided to students by faculty, librarian, or administrator. It will also be available at the TMHS Main Office and the school district website.

- The Tewksbury Public Schools disclaim all liability for the content of material that a student may access on the Internet, for any damage suffered in the course of or as a result of the student's Internet use, and for any other consequences of a student's Internet use.
- Inappropriate Internet use may result in disciplinary action.

Detention Policy

Detention is assigned to the student for unacceptable student behavior. Students should fully understand that any teacher in the building has the authority to correct misconduct at any time. In the event the student fails to make arrangements to stay after school for detention when he/she has been properly notified, this action may result in a suspension from school. After school activities and after-school employment are unacceptable reasons for not attending detention. Detentions will be assigned Tuesday through Thursday from 2:00 PM to 3:00 PM. Teacher detention may also be assigned for minor classroom infractions and will be served at the teacher's discretion.

Dress Code

In accordance with Massachusetts State Law there is an expectation that students dress in keeping with reasonable standards of safety, health and cleanliness, so as not to detract from, or disrupt, the educational process. The administration reserves the right to ask students to change any attire that disrupts the educational process or environment, promotes illegal activities or violates health or safety and cleanliness standards. Footwear must be worn at all times.

Clothing which could create an actual disruption or disorder to the learning environment includes, but is not limited to:

- Clothing or jewelry that displays slogans, insignias, or designs that advertise alcohol, drugs or sexual material which promote products or activities that are illegal, profane or suggestive.
- Clothing or jewelry which is disparaging to others in the school environment and contains slurs regarding race, ethnicity, religion, disabilities or sexual orientation.

It is the teacher's discretion to set the standard of whether hats are permissible in their classroom and to outline that standard in their class contract. Students will be permitted to wear hats when passing between classes and in social areas of the school (cafeteria, library).

Repeated violations of the dress code will result in disciplinary action.

Due Process

All students will be granted due process whenever deprived of their right to an education through exclusion from their regular classroom instruction or from other school activities, including: suspension, expulsion, transfer, probation or withdrawal of privileges and exclusion

from graduation ceremonies. The right of due process includes the right to a fair hearing prior to any of the above exclusions, except for emergency suspension.

Loitering

Students are not to loiter about the building or on school grounds after their daily programs are completed. Students must have a valid reason for remaining in school after school dismissal. Coaches and club advisors holding practices or meetings after school hours are responsible for student supervision.

Suspension Policy

All students may be suspended from school for serious infractions of school regulations. This policy is pursuant to MGL Chapter 71; Section 37H3/4.

<https://malegislature.gov/Laws/GeneralLaws/PartI/TitleXII/Chapter71/Section37H3~4>

Any student who is suspended from school for more than 10 days has the right to appeal to the Superintendent. The appeal must be submitted in writing to the Superintendent within five (5) calendar days of the effective date of the long term suspension.

DISCIPLINE OF STUDENTS ON EDUCATIONAL PLANS

All students are expected to meet the requirements for behavior set forth in this handbook. Chapter 71B of the Massachusetts General Laws (also known as Chapter 766) requires that additional provisions be made for children with special needs. The following additional requirements apply with respect to the discipline of students with special needs.

1. The Individual Educational Program (IEP) for a special needs student will indicate whether the student is expected to meet the regular discipline code or if the student's condition requires a modification. Any modification will be described in the student's IEP.
2. For special needs students who may be removed from their educational program for more than ten days, cumulatively, in a school year, a review of the relationship between the misconduct and the student's disability will be conducted.
3. If, after conducting such a review, the student's special education Team determines that the behavior was a manifestation of the student's disability, the Team will discuss a modified program for the student. If the Team determines that the student's behavior was not a manifestation of his/her disability, the student may then be subject to the school's disciplinary code. In that event, an alternative setting for the student to receive instruction will **be determined**.
4. A Functional Behavioral Assessment may be conducted with respect to a special needs student whose behavior violates the school's disciplinary code.

5. If a student's conduct involves weapons or drugs, the team may place the student in an alternative educational setting.

When a student is on an educational plan he/she must abide by the Tewksbury Memorial High School rules and regulations unless his/her plan states otherwise. Suspensions will be reported to the Administrator of Special Education. Plans will be reviewed by a special education team when a student has accumulated 10 days of suspension from classes in a school year.

SAFE SCHOOLS LEGISLATION

The School Committee intends that the administration and school principals be given a full range of authority in accordance with the guidelines of the Educational Reform Act of 1993 in order to prevent, address, and hold accountable those responsible for school-related violence and other behavior that is not conducive with attendance in a public school. Two important pieces of legislation related to safe schools are summarized as follows: **MGL Chapter 71; Section 37H**

Violation of narcotics laws, possession or use of alcoholic beverages, hazardous or unauthorized use of automobiles, weapons or fireworks, or violation of any local, state or federal law may not only result in suspension or expulsion but also can be subject to police/fire department notification.

Any student suspended from school will be ineligible to participate in any and all school sponsored activities during the time of suspension. The ineligibility begins at the time the decision to suspend is made and ends at the completion of the suspension and a reinstatement conference between parent, student and administrator.

A student who is suspended may not loiter or appear on school property. It is the student's responsibility to make up missed tests or quizzes within a reasonable number (equivalent to the number of days suspended) of days.

A re-entry meeting with the student, parent/guardian, and a school administrator may be necessary to return to school once the suspension is complete.

Alcohol/Drug Policy

Introduction

The following procedures have been developed to assist school personnel in administering this unified community and school-wide drug/alcohol policy and to inform parents of disciplinary actions taken with students who violate this policy. The purposes of these procedural regulations are to:

- discipline any student found to have violated the policy
- involve the student's parent(s)/guardian(s) in a program designed to help the student
- apprise the Tewksbury Police department if warranted

Confidentiality

Students are encouraged to seek the assistance of teachers, administrators, and other school personnel, but must be aware that confidentiality will be maintained only if the rights of others are not infringed upon. The School Committee encourages its personnel to engage in counseling sessions aimed at assisting students who come to them with a drug/alcohol problem and supports the maintenance of confidentiality at each session.

Conducting a Search

When it is reasonably determined that a student may possess or be under the influence of drugs or alcohol, a designated school official may conduct a search of the student's person, immediate possessions, lockers, car, etc.

Prescription and Nonprescription Drugs

Any student who is required to carry a prescription or nonprescription drug in his/her possession during school hours must, immediately upon entering the school building, deposit the medication with the school nurse. If a nurse is not available, the administrator in charge must be contacted and informed of the need for medication. The nurse will supervise, when necessary, the administration of such medication to each student. There will be a penalty if the procedure is not followed.

Voluntary Drug/Alcohol Treatment

The school department commends those students voluntarily seeking drug/alcohol treatment or advice and will recommend possible outside counseling/support services. Financial limitations of the student and family should not prevent seeking such assistance.

If the student is seeking assistance and is at that time not in direct violation of this policy, school personnel will, without penalties:

- immediately consider the best possible course of helping the student
- involve the parents as soon as it is considered appropriate
- allow the student the opportunity to make up any school work missed during any extended treatment period

The seeking of voluntary assistance in no way eliminates the student's responsibility to adhere to any other section of this policy.

Suspected Use/Being Under the Influence/Possession/Distribution

Any person on school property, on a school bus, or involved in any related school activity, suspected of using, being under the influence of, in possession of, or distributing, a drug or a look-alike drug, or alcohol or what appears to be alcohol, or low/non-alcoholic beverage, or Vaping or Vape device, will be immediately reported by school personnel to the appropriate administrator. A written report of that person's observations to the administrator will follow.

If the suspected person is a student, and the parent(s)/guardian(s) can be reached by phone, they will receive an immediate oral notification to be followed by a written report. The principal or designee will meet with the student and determine if the Alcohol/Drug Policy has been violated

Actual Use/Being Under the Influence/Possession/Distribution

Following an investigation by the principal or designee, any student found to have used, to have been under the influence of, to have possessed, or to have distributed, drugs or look-alike drugs, alcohol or what appears to be alcohol, or Vaping or Vape device, on school property, on a school bus, or at any school sponsored event, can expect immediate administrative disciplinary action as outlined below:

First Offense

- Notification of parent(s)/guardian(s)
- Removal from school property
- Report filed with the superintendent of schools, school committee and police
- Confiscation of all items related to the offense to be given to police
- See [Behavioral Expectations](#) for disciplinary action
- Ineligibility to participate in any/all school sponsored activities for duration of suspension
- Meeting of student, parent(s)/guardian(s) with principal or designee within two (2) school days of the suspension
- The Billerica Adolescent Recovery Program (BARP) is an alternative program for students who are caught on school property, and/or by law enforcement for drugs and/or alcohol. This program, conducted over a 5 week period, discusses the dangers and consequences of alcohol and/or drug use in youth. A student may be required to attend the BARP Program by the school or police department contingent on individual circumstances.

Second or Subsequent Offense(s)

- Student referred to the Superintendent of Schools and School Committee by the principal for a hearing with a recommendation, including possible expulsion
- Student referred to police for further review

The Community Drug Committee will serve as a resource in making pertinent recommendations for rehabilitation programs for the student and/or family if requested. For a student under the age of sixteen(16), if a CRA(Child Requiring Assistance) petition has not been filed by the parent(s)/guardian(s)/school and/or the child is not in an approved drug rehabilitation program, a complaint may be issued against the parent(s)/guardian(s). It is expected that parent(s)/guardian(s) will be responsible and follow through on plans recommended by the designated school official. Failure to do so will be grounds for continuation of disciplinary action.

The student may be removed from the Tewksbury Public School System and a suitable alternative educational program will be provided as deemed by the School Committee. The case will be reviewed for readmission at the end of a predetermined time.

In all cases of any violation of this policy, the School Committee will take any and all pertinent action they deem necessary to ensure the learning process and to protect the educational rights of the students in the Tewksbury Public School System

MIAA Chemical Health Policy

From the earliest fall practice date, to the conclusion of the academic year or final athletic event (whichever is latest), a student shall not, regardless of the quantity, use, consume, possess, buy/sell, or give away any beverage containing alcohol; any tobacco product (including e-cigarettes, , VAP pens & all similar devices); marijuana (including synthetic); steroids; or any controlled substance. It is not a violation for a student to be in possession of a defined drug specifically prescribed for the student's own use by his/her doctor. This MIAA statewide minimum standard is not intended to render "guilt by association", eg many student athletes might be present at a party where only a few violate this standard. This rule represents only a minimum standard upon which schools may develop more stringent requirements.

To review the MIAA Chemical Health Policy in its entirety and to see minimum penalties, please visit the following link:

Harassment

[Policy ACAB-Harassment](#)

Any verbal or physical conduct that is unwelcome or that unreasonably interferes with a student's performance is harassment. Harassment and verbal abuse directed to or against any student or staff member are serious offenses. This includes bullying and cyber-bullying.

Students with differentiating characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or

expression, physical appearance, pregnant or parenting status, sexual orientation (lesbian, gay, bisexual, transgender, questioning), mental, physical, developmental or sensory disability or by association with a person who has or is perceived to have 1 or more of these characteristics, will be provided support and anti-bullying skills, knowledge and strategies needed to prevent or respond to bullying or harassment of the student with differentiating characteristic(s) and the peer group.

Students are prohibited from knowingly making false statements or knowingly submitting false information during a grievance process, including but not limited to harassment and bullying reports and investigations.

Bullying:

The repeated use by one or more students of a written, verbal, or electronic expression or a physical act or gesture or any combination thereof, directed at a victim that: (i) causes physical or emotional harm to the victim or damage to the victim's property; (ii) places the victim in reasonable fear of harm to himself or of damage to his property; (iii) creates a hostile environment at school for the victim; (iv) infringes on the rights of the victim at school; or (v) materially and substantially disrupts the educational process or the orderly operation of a school. The [Bullying Policy](#) and the [Bullying Prevention and Intervention Incident Reporting Form](#) are found on our website.

Cyber-bullying:

Bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications. Cyber-bullying shall also include (i) the creation of a web page or blog in which the creator assumes the identity of another person or (ii) the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying. Cyber-bullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be assessed by more than one person, if the distribution or posting creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying.

After hearing of the alleged harassing incident, the principal will request that a signed, written letter be directed to the alleged harassing person from the harassed student. The letter will include the date, time and description of the event. The letter will also state that the action was unwelcome and should cease and desist. This will allow the alleged harasser an opportunity to respond. A copy of the letter will be kept on file by the principal.

Massachusetts General Law (MGL c. 71), as added by Chapter 92 of the Acts of 2010, outlines a bullying prevention and intervention plan. All school policies and procedures regarding bullying and cyber-bullying behavior will follow our school handbook, state law, and the policy and procedures of the Tewksbury School Committee.

Further harassment after written notice will result in a hearing conducted by the principal. The parents will be contacted. The totality of the circumstances, the nature of the conduct and the context in which the alleged conduct occurred will be investigated. After due process has been afforded, a decision will be rendered. Harassment will be considered a breach of school rules and may result in suspension and/or police involvement. Such incidents will be treated on an equal basis with those incidents of bias or hatred which may involve state and/or federal law.

Hazing

The term "hazing" shall mean any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other persons.

Whoever knows that another person is the victim of and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to himself or others, report such crime to an appropriate school administrator as soon as reasonably practicable.

A student found guilty of hazing at TMHS will be subject to disciplinary action up to and including possible expulsion and police notification.

Sexual Harassment

Any unwelcome sexual advances, request for sexual favors, and other verbal or physical conduct of a sexual nature, when submission to, or rejection of, such conduct or communication is either an explicit or implicit term, is considered sexual harassment. Additionally, any such unwelcome sexual conduct or communication which has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment is likewise prohibited.

Verbal abuse or any vulgarity referring to any person's gender will be considered unwelcome, uncalled for, unwarranted, and subject to disciplinary action. Students/teachers should submit a signed, written report to the principal. A report will be filed with the assistant superintendent who serves as the coordinator of Title IX within 24 hours of the alleged conduct. A hearing will be held by the principal and a conclusion drawn. An appeal of any decision can be made to the assistant superintendent at (978) 640-7810 prior to the disposition of the matter.

Students are prohibited from knowingly making false statements or knowingly submitting false information during a grievance process, including but not limited to harassment and bullying reports and investigations.

Safe Schools Legislation

The School Committee intends that the administration and school principals be given a full range of authority in accordance with the guidelines of the Educational Reform Act of 1993 in order to prevent, address, and hold accountable those responsible for school related violence and other behavior that is not conducive with attendance in a public school.

Two important pieces of legislation related to safe schools are summarized as follows:

MGL Chapter 71; Section 37H

- Any student who is found on school premises, on school buses, or at school sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including but not limited to, a gun or knife; or a controlled substance as defined in Chapter 94C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the principal.
- Any student who assaults a principal, assistant principal, teacher, teacher's aide or other educational staff on school premises or at school sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the principal.
- Any student who is charged with a violation of either of the preceding paragraphs shall be notified in writing of an opportunity for a hearing: provided however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the principal. After said hearing, a principal may, in their discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either of the preceding paragraphs.
- Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten (10) days from the date of the expulsion in which to notify the superintendent of the appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.
- When a student is expelled under the provisions of this section and applies for admission to another school for acceptance, the superintendent of the sending school shall notify the superintendent of the receiving school of the reasons for the pupil's expulsion.

MGL Chapter 71; Section 37H1/2

- Upon the issuance of a criminal complaint charging a student with a felony, or upon the issuance of a felony delinquency complaint against a student, a principal may suspend such student for a period of time determined to be appropriate by said principal if said principal determines that the student's continued presence in school would have a

substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and the reasons for suspension prior to the suspension taking effect. The student shall also receive written notification of the right to appeal and the process for appealing such suspension; provided, however, that such suspension shall remain in effect prior to any appeal hearing conducted by the superintendent. The student shall have the right to appeal the suspension to the superintendent. The student shall notify the superintendent in writing of his request for an appeal no later than five (5) calendar days following the effective date of the suspension. The superintendent shall hold a hearing with the student and the student's parent or guardian within three calendar days of the student's request for an appeal. At the hearing, the student shall have the right to present oral and written testimony on his/her behalf, and shall have the right to counsel. The superintendent shall have the right to overturn or alter the decision of the principal, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five (5) calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the suspension.

- Upon a student's being convicted of a felony or upon adjudication or admission in court of guilt with respect to such felony or felony delinquency, the principal may expel said student if such principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. (Due process procedures including notification, request for appeal and appeal hearing mirror those procedures outlined in the first paragraph above). Upon expulsion of such student, no school or school district shall be required to provide educational services to such student.

Safety Information

Fire Drills

- Students should be aware that fire exit procedures are posted in each classroom. Students must locate and consult these procedures when entering each classroom or school area.
- When the alarm sounds, students must follow the prescribed procedures quickly and quietly and leave the school building immediately with the teacher along the prescribed route. If there are any questions concerning fire exit procedures, students should consult the teacher in the classroom before an emergency exit.
- While outdoors, students must remain at least 50 feet from the school building.
- Students must stay well clear of the building and may not enter the building until the all-clear signal is given.

- The willful pulling of the alarm station causing a false alarm is an unlawful act and will be treated as a police matter.
- Every fire alarm should be treated as a real alarm. Students should not wait for confirmation by the office, but proceed immediately to the outside.

Emergency Drills

Emergency drills including those using the ALICE protocol are performed so that in the event of an actual emergency, students and staff will be prepared. Drills may be conducted once each month during the school year. Announcements will be made for emergencies other than fire. Specific information will be given to students and staff regarding the situation. Emergency drill instructions are posted in every classroom. It is important that students practice these procedures to help prepare for an emergency situation.

Security Cameras

There are camera locations inside and outside the school building. These cameras are only available for the following issues: 1) emergency response, 2) matters requiring thorough investigation, 3) protection of school assets, and 4) maintenance of a safe learning environment.

Security Monitor

The role of a security monitor is to provide a presence in the building as well as on the school grounds. He/she has the responsibility to report to administrators any issues relating to safety concerns. This person is a member of the staff and has the same authority with students as faculty and administrative personnel.

School Resource Officer

The School Resource Officer is responsible for investigating crimes and offenses involving juvenile offenders, providing a positive influence in deterring delinquent behavior, and working with the administrators of the high school on appropriate police matters.

Supervisor of Attendance

The Attendance Officer is responsible for encouraging good school attendance, responding to the administration of the high school on truancy matters, verifying residence issues, and applying for CRA complaints.

Search and Seizure

Students have a legitimate right to privacy; however, this right must be balanced against the school department's need to maintain a school environment that is conducive to learning. School officials are not required to obtain a warrant before searching a student under their authority provided there is a basis for reasonable suspicion. The administration of TMHS reserves the right to conduct student, locker and vehicle searches for possession of articles of contraband if reasonable suspicion is evident. Illegal articles will be confiscated and law enforcement officials may be notified. In addition, parents will be contacted and students may be

suspended. In the interest of the safety of all students, police with police dogs may conduct random searches of school property.

Warranted Police Intervention

Situations that warrant police intervention include but are not limited to:

- Student possession of a weapon on school property or at a school sponsored event.
- Fights on school property or at a school sponsored event that results in significant injury to one of the individuals involved.
- Certain drug and alcohol offenses

Weapons and/or Firearms

Any student who carries on his/her person, while on school property or at school functions, any stiletto, dagger, or a device or case which enables a knife with a locking blade to be drawn at a locked position, any ballistic knife, or any knife with a detachable blade capable of being propelled by any mechanism, dirk knife, any knife having a double edged blade, or a switch knife, or any knife having an automatic spring release device by which a blade is released from the handle having a blade of any size or length--any knife whatsoever, will be suspended indefinitely, the police notified, and a pre-expulsion hearing held.

Further, any student who carries, while on school property or at a school function, metallic knuckles, nunchaku, zoobow, also known as klackers or kung fu sticks or any other similar weapon as determined by the administration will be suspended indefinitely, the police notified, and a pre-expulsion hearing held.

Any student who carries on his/her person, notwithstanding any license obtained by him or her, a firearm loaded or unloaded or any other dangerous weapon in Tewksbury Memorial High School will be suspended indefinitely, the police notified, and a pre-expulsion hearing held per MGL, Chapter 71, Section 37H.

General Information

AHERA Regulations

As per the requirements of 40 CFR 763 section 84(f) of the AHERA regulation, asbestos inspections and management plans are available for review at the office of the building principal during normal working hours.

No Child Left Behind

Under the 2001 No Child Left Behind Act signed into law by President Bush, school systems are required to release lists of students to the Military for the purpose of recruitment. Any parent that specifically objects to the release of his/her child's name must request to the principal that such a release not be made. This request must be made in writing. [See Student Records.](#)

Title IX and Chapter 622 Policy

It is the policy of the Tewksbury Public Schools not to discriminate on the basis of sex, religion, color, or national origin in the educational program, activities, or employment policies as required by Title IX of the 1972 Education Amendments and Chapter 622 of the Acts of 1971. Complete policy available in the Main Office.

A student or employee in the Tewksbury public schools who feels that he/she has a grievance under Title IX or Chapter 622 shall file it in writing to the following:

- Level 1 - Principal
- Level 2 - Assistant Superintendent
- Level 3 - Superintendent of Schools
- Level 4 - School Committee

Students are prohibited from knowingly making false statements or knowingly submitting false information during a grievance process, including but not limited to harassment and bullying reports and investigations.

DISCIPLINE OF STUDENTS ON EDUCATIONAL PLANS

All students are expected to meet the requirements for behavior set forth in this handbook. Chapter 71B of the Massachusetts General Laws (also known as Chapter 766) requires that additional provisions be made for children with special needs. The following additional requirements apply with respect to the discipline of students with special needs.

1. The Individual Educational Program (IEP) for a special needs student will indicate whether the student is expected to meet the regular discipline code or if the student's condition requires a modification. Any modification will be described in the student's IEP.
2. For special needs students who may be removed from their educational program for more than ten days, cumulatively, in a school year, a review of the relationship between the misconduct and the student's disability will be conducted.
3. If, after conducting such a review, the student's special education Team determines that the behavior was a manifestation of the student's disability, the Team will discuss a modified program for the student. If the Team determines that the student's behavior was not a manifestation of his/her disability, the student may then be subject to the school's disciplinary code. In that event, an alternative setting for the student to receive instruction will **be determined**.
4. A Functional Behavioral Assessment may be conducted with respect to a special needs student whose behavior violates the school's disciplinary code.
5. If a student's conduct involves weapons or drugs, the team may place the student in an

alternative educational setting.

When a student is on an educational plan he/she must abide by the Tewksbury Memorial High School rules and regulations unless his/her plan states otherwise. Suspensions will be reported to the Administrator of Special Education. Plans will be reviewed by a special education team when a student has accumulated 10 days of suspension from classes in a school year.

SAFE SCHOOLS LEGISLATION

The School Committee intends that the administration and school principals be given a full range of authority in accordance with the guidelines of the Educational Reform Act of 1993 in order to prevent, address, and hold accountable those responsible for school-related violence and other behavior that is not conducive with attendance in a public school. Two important pieces of legislation related to safe schools are summarized as follows: **MGL Chapter 71; Section 37H**

Section 504 Procedures for Students with Disabilities

Any student who needs, or is believed to need, special accommodations, related services or programs under Section 504 of the Rehabilitation Act of 1973, may be referred to the Guidance Department Head for further action. A 504 Parents' Handbook with further details is available in the Guidance Office.

Screening, Brief Intervention, and Referral for Treatment (SBIRT)

Tewksbury Memorial High School will conduct annual screenings of ninth grade students to reinforce positive choices regarding substance abuse and to assist those students who have abused substances or who are at risk of future substance abuse. This is in compliance with Section 15 of Massachusetts House Bill No. 4056. Please see our website for a letter from Superintendent Malone which outlines specific details of this screening.
