TEWKSBURY SCHOOL COMMITTEE AGENDA - WEDNESDAY, DECEMBER 6, 2017

TEWKSBURY PUBLIC SCHOOLS CHRISTOPHER J. MALONE SUPERINTENDENT OF SCHOOLS Regular Meeting #7 (7:00PM) Executive Session #6 (5:45PM)

STUDENT RECEPTION - 6:00PM STUDENT RECOGNITION - 6:30PM

Meeting Location: Tewksbury Memorial High School Library 320 Pleasant Street, Tewksbury, Massachusetts

A. CALL TO ORDER

B. EXECUTIVE SESSION (Non-Public Session) - 5:45PM

Continued discussion relative to collective bargaining with employee groups and the strategy to be followed and/or continued ongoing litigation. The School Committee will reconvene in Open Session following the Executive Session.

C. ADJOURN

D. RECOGNITION

- 1. 2017 Legacy MCAS & 2017 Next-Generation MCAS Student Achievement Awards
- 2. 2017 John & Abigail Adams Scholarship Recipients

E. RECONVENE REGULAR MEETING - 7:00PM

F. ANNOUNCEMENT (7:00PM)

The December 6, 2017 School Committee meeting will be televised and recorded. Under the Open Meeting Law, the public is permitted to make an audio or video recording of an open session at a public meeting. At this time I would ask if anyone is recording tonight's meeting to please identify himself/herself.

VALLEY COLLABORATIVE

Volume 6, Issue 1 News for the extended Valley Collaborative community Fall 2017

Celebrating, Connecting and Inspiring

Dear Valley Collaborative family and friends:

Valley had very successful Open Houses for its Elementary School, Middle School, High School and Adult Programs. We had over 100 people tour and meet with our staff. It was an inspirational night with a great deal of positive feedback from parents and caregivers. Valley staff needs to be commended for all of their hard work and care.

On a sunny Sunday in October, the Valley Elementary School staff raised funds and awareness for research and lifelong programs for people with Autism. Staff came together as a community to celebrate, connect, and inspire at "The Greater Boston Walk for Autism." Our dedicated, passionate staff raised \$3,925 towards the cause.

Valley's schools continue to enjoy strong enrollment trends and as such we are currently expecting to have to return a significant amount of revenue to our member school districts at the end of FY'18. This would make it the 4th consecutive year that Valley has been in a strong financial position where its net assets exceeded the 25% rule; resulting in a refund to its member districts. In FY'17, Valley returned \$2,201,859 to its member districts and tuition rates remain at approximately FY'11 levels.

Our STEM Lab is up and running! We now proudly have a state of the art lab which is equipped with 3 zSpace units and a 3D printer. We are one of a handful of "school districts" in the Commonwealth who has this technology. Sixteen teachers across the collaborative completed an intensive 6 hour training. We can now add virtual/augmented reality to our teaching toolbox.

I would like to wish everyone a Happy Thanksgiving and thank you for all of your ongoing support for the work we do at Valley.

My best to you always,

*Chris*Chris A. Scott, Ph.D.
Executive Director

Elementary Students Skating into School Year

alley Elementary School had a wonderful start to the school year. Valley staff spent the summer engaged in thoughtful planning for our students for the 2017-2018 school year. We are eager to get started with some new curricula adventures and projects!

We are excited to implement new curriculum and associated tools that will elevate our students' learning through the use of hands-on materials. The elementary school is committed and fully dedicated to implementing the STEM/zSpace lab and Greenhouse classroom into the curriculum maps and school. As such, our teachers have been trained and student's classes have been scheduled to access these hands-on initiatives. In addition, our physical education teacher used time over the summer to create and integrate our new wellness program and skate pass curriculum into our school's curriculum maps. Valley Collaborative is the first school district in the state to implement the skate pass curriculum, wherein students

REBECCA NOONAN AND VANESSA SEBASTIAN NAVIGATE TARGET DURING THEIR LIFE SKILLS OUTING.

will be using skateboards and snowboard items to learn balance, coordination and teamwork.

Additionally, students voted on elective choices. As such, electives will include hiking with our therapy dog, loom knitting for

the homeless, engaging in recycled percussion and chorus, as well as studying an introduction to Spanish. Family events have been planned and our first event will incorporate parent exploration of our new hands on curriculum tools.

Technology is on our minds this year as well. Chromebooks have been integrated into the classrooms and students are using them for writing as well as tools to access our online curriculum options. Addition-

KELLI BUOTE'S AND HEIDI SANDLER'S CLASSROOMS ENJOY APPLE PICKING ON A FIELD TRIP THIS FALL.

ally, student portfolios and work samples will be available to parents digitally as we hope to showcase the amazing work our students accomplish as well as promote the relationships between families and Valley staff.

We are excited for the upcoming year! ■

Dr. Scott's Clinical Corner: Social Anxiety Disorder and Smartphones

Editor's note: welcome to the first installment of "Clinical Corner." Each issue, Executive Director Dr. Chris A. Scott will address a clinical crisis or issue. First up: The Rise of Social Anxiety Disorder and its Connection to the use of Smartphones.

At Valley, we are seeing an increase in the number of children who suffer with a Generalized Anxiety Disorder and the numbers continue to rise. Children experiencing anxiety may appear restless, irritable, fatigued, have poor concentration, and experience difficulty sleeping. This anxiety and the resulting symptoms

often make it difficult to carry out day to day activities and responsibilities. In particular, students with elevated anxiety levels often have difficulty maintaining healthy relationships with others (Mayo Clinic October 2017). At Valley, we often see students with elevated anxiety and stress which interferes significantly with their normal routine, occupational/academic functioning, and/or social relationships. More specifically, Social Anxiety Disorder is very prevalent in our student population.

Middle Schoolers Lend a Hand to Hurricane Victims

utumn is here and things are "falling" into place! Vallev Middle School has had a great start to the 2017-2018 school year. A therapeutic space, known as "The Blue Room," is being constructed to address, diminish, and prevent challenging behaviors such as self-injury, property destruction, and aggression. Joanna Abate, Valley Middle School's Occupational Therapist, reported, "This will be an incredible, soothing space for middle school students to help promote independence and selfregulation skills, which is crucial for student learning and success."

Through the use multi-sensory stimuli such as fiber optic lights, a variety of comfortable seating options, soothing music, slow-moving projections, and a calming bubble tube feature, students will be able to achieve a sense of calmness in

VALLEY MIDDLE SCHOOL TEACHER, SHANA DUNLEVY, WITH MATT LAMPARELLI AND JOANNA ABATE, VALLEY OCCUPATIONAL THERAPIST, POSE WITH SOME OF THE ITEMS FOR SALE.

order to promote and sustain attention skills, auditory awareness, focus, and visual tracking necessary for learning.

In the tragic aftermath of Hurricanes Harvey, Irma, and Maria, the Valley Middle School wanted to help the victims affected. The

initiative was driven by Special Education Teacher, Shana Dunlevy and Occupational Therapist, Joanna Bond. As the students in Shana's class learned about the state of Texas during the month of September, all the staff and students were saddened to hear about the destruction in many areas of Texas and wanted to help.

As animal lovers, the students voted to help their furry friends in Texas at the Houston Humane Society. The staff and students planned and executed an amazingly successful bake sale on Thursday October 5, 2017. Not only were these efforts educational, but over \$250 were raised to help animals in need! Valley Middle School would like to give a huge thank you to all of the staff, students, and local customers who contributed to the success of this event.

JOEY BAUER AND JOANNA ABATE, VALLEY OCCUPATIONAL THERA-PIST, EAGERLY GREET 'SHOPPERS' DURING THIS FUNDRAISER.

JACKIE SQUEGLIA, VALLEY SOCIAŁ WORKER, AND NICK SCHWEFLER, AS CASHIERS, SHOWING OFF SOME NON-FOOD ITEMS FOR SALE TO RAISE FUNDS FOR THE HOUSTON HUMANE SOCIETY.

he The greenhouse at the Valley Elementary School is THRIVING! Our greenhouse is tremendously beneficial to Valley students because we are able to use it as a tool to explore nature and health. The greenhouse is incorporated into Valley's Health and Wellness Curriculum, called The Great Body Shop, by showing students the connection between health and nutrition, equaling overall wellness. Our greenhouse garden provides limitless possibilities for learning science, math, language arts, social studies and more! We are also able to use it for STEM projects throughout the classrooms.

Our greenhouse is currently transitioning to winter crops. The summer tomatoes were delicious (both large tomatoes and small cherry tomatoes). The students have finished using the summer harvest in our kitchen and enjoyed the products served with lunch. With the help of Vivi, our wonderful school chef, students turned tomatoes and cucumbers into pickles and tomato sauce, which were made from our crops! In early fall, cooler weather crops such as

GIACOBBE VINCETT, TRISTIAN THEROUX, AND ADRIEN GALARZA PROUDLY SHOW OFF THE LEAVES THEY HAVE NURTURED TO GROW IN VALLEY'S GREENHOUSE AS PART OF THEIR MATH AND SCIENCE LESSONS.

carrots, garlic and three different types of lettuce were successfully grown.

In addition to growing crops, the Valley greenhouse is also home to aquatic life and habitats. Three strong goldfish found a home in our pond and love being fed by the students. Our students love to watch these fish eat. Snails and water plants are the next additions to the pond. Their job will to help keep the pond healthy and clean.

Students will be accessing the green-

house throughout the year, not only for gardening purposes, but to connect and extend our science curriculum. Additional STEM lessons will focus on activities that relate to state curriculum standards, such as heat transfer with the solar panels and soil composition. Also, our physical education teacher will be sure to incorporate the wellness classroom lessons into the growth and nutritional values of the food. Finally, our parents are getting involved in the hands on nature and planting with their students at the next event! It is an exciting time for our students to engage in hands-on learning through our Greenhouse!

Site I: Palpable Positive Energy

his fall, Valley Transitional High School's vocational programming on Site 1 has instituted several exciting changes that have already enhanced student learning, both academically and vocationally. Specifically, we have transitioned from a "daily" academic-vocational schedule to a "weekly" academic-vocational schedule. In the past, the number of days per week a student worked was based on their grade level. For example, a sophomore worked two days per week whereas a junior worked three

NATE GRIDELLI, AN UNDERCLASSMAN ON SITE 1, VISITED HARVARD'S MU-SEUM OF NATURAL HISTORY WHERE STUDENTS CONTINUED THEIR STUDIES ON NATIVE AMERICAN CULTURE AND AMERICAN HISTORY.

days per week. Now, students partake in one whole week of academics, followed by one whole week of vocational experience. This biweekly vocational schedule reflects what students at traditional technical high schools experience and as such, it is important to Valley to replicate a true high school experience for our

students, whenever possible. With this scheduling shift, we are hopeful to see an increase in independent student internships. We are looking to work with companies willing to take a student every day, every week. This consistency would allow us to send one student to an employer one week, and another student the next week.

While this may seem like merely a procedural adjustment, we have already seen a remarkable increase in student output, engagement, and morale in the classrooms and the vocational shops. In fact, the causeand-effect of this new programmatic adjustment has been positive in numerous ways.

The schedule provides students and teachers with five consecutive class days, which:

- Provides more time on learning for students within the class-
- Helps increase teacher efficiency in generating weekly lesson plans
- Increases consistency from dayto-day for students who struggle with organization and executive functioning challenges
- Increases the retention of information and recalling previously learned concepts
- Increases MCAS readiness due to exposure to concepts potentially targeted by the exam

The schedule also provides students and vocational coaches with five consecutive vocational days, which:

Allow coaches to focus on specific projects that can be completed, from start to finish, within a week's time. In our woodshop, for example, our coach can work with the same students all week. This allows the coach to intro-

LUCAS FLORES HELPED REPLACE A FLOWER POT ON THE FRONT DECK AT VALLEY COLLABORATIVE TO DECORATE FOR THE FALL SEASON.

duce projects on Monday, work with them throughout the week, and finish a project by Friday. This way, our students can feel accomplished through seeing the fruits of the labor in setting short term goals.

Our coaches can also create timelines within the curriculum, allowing them to teach the skills necessary to learn a vocation in a more organized, structured manner, seemingly following a practical scope and sequence of each profession.

Our new schedule has also allowed us to incorporate more PBIS incentives within our programming. As such:

Students can earn vocational "fill-in days" toward the end of an academic week if they have gone above and beyond in the classroom, combined with little to no behavioral issues. This incentive works well for our students who simply do not enjoy academics and/or a classroom environment. 5

The Latest Valley Teaching Tool: Virtual Reality

alley Collaborative is honored to support Glen Costello and Heather Mackay, Valley STEM coordinators

as we move forward in advancing our science, technology, engineer-ing and mathematics curricula. collaborative-wide. Students and staff across Valley Collaborative are taking steps towards increasing their STEM (Science, Technology, Engineering, Mathematics) fluency. Throughout the Collaborative, teachers have made a strong effort towards incorporating simple STEM activities inside of their curriculum to increase student engagement. Overall teacher attitude to mathematics, which is the highest factor in student engagement, has never been higher here at the collaborative!

Last year, Valley teachers began to use an online mathematics curriculum titled ST Math, which aims to focus on math concepts and eliminate barriers to mathematics les-

VALLEY ELEMENTARY SCHOOL STUDENT OWEN MCMAHON, ALONG WITH AMY ROSS, BCBA AND JEN BERGERON, CLASSROOM TEACHER, DURING A VIRTUAL REALITY LESSON.

sons, including (but not limited to) reading abilities. To date, 126 students collaborative wide have used ST Math. On average, students are receiving between 45-90 minutes per week of individualized, rigorous math instruction thanks to ST Math! We are happy to report ST Math is meeting the needs of our diverse learners in many of our programs.

Over the summer, Valley proudly constructed a state of the art STEM Lab, which is equipped with three 'zSpace' units as well as a 3D printer. Valley Collaborative is one of only a handful of school districts in the Commonwealth who

COREY SHEPARD GUIDES STUDENTS OF SITE 2 "EAST" USING THE STEM LAB THROUGH A VIRTUAL REALITY LEARNING ACTIVITY.

has this technology available to students to access the world of virtual reality learning in order to teach our diverse learners. 'zSpace' combines "augmented reality" and "virtual reality" to create the ultimate learning experience. Valley's 'zSpace' Learning Lab is comprised of three stations, with each station including a suite of educational software, hundreds of learning activities ready for integration into our curriculum, and zSpace all-in-one PCs.

This Fall, sixteen teachers across

VALLEY'S STEM DEPARTMENT LEADS, GLEN COSTELLO AND HEATHER MACKAY, POSING FOR A PHOTO DURING THE OCTOBER ZSPACE TRAINING.

the Collaborative completed an intensive six hour training targeting the use of this innovative STEM Lab equipment. Thank you to the widespread support in each of our programs who provided coverage for our teachers to be able to receive this necessary training. We can now add virtual/augmented reality to our teaching toolbox! The next training for teachers will be offered in early November.

STUDENTS OF SITE 2 "EAST" AT A LOCAL MICROSOFT STORE AFTER A 3D MODELING CLASS.

Alternative High School: Unique & Distinct Approach

s the 2017-2018 school year begins, Valley Transitional High School's alternative programming on Site 2 is excited to offer three distinct and unique programs taking place for the second year! Given our ability to serve children with so many diverse backgrounds, Valley has reached an even wider scope of students and school districts! Valley Transitional High School's alternative programming on Site 2 includes programmatic distinctions labeled the "West," the "North," and the "East."

HANNAH MORIARTY, MCKAYLA NIEVES, BRITTANY BRITTON, SAMANTHA CARDONA, BRITTANY MAIURI, ANDREW FERRIE, JOE KOSTIKOV AND SETH KNOBLAUGH ENJOYING A HAYRIDE ON THEIR WAY TO PICK APPLES.

Currently, our "West" program is entrenched in developing relationships between peers, and between staff and students. As such, students recently visited MetroRock Gym for rock climbing and a high ropes course, aimed to provide the footing for fostering the development of these relationships! Students climbed through obstacles and pushed themselves to the limits 60 feet above the ground with nothing more then a harness and a rope for safety! Valley students ended the 20 minute aerial workout with a "leap of faith" and zip lined 80 feet across the course. The West program is hoping to continue

its efforts in encouraging our students to take positive risks with additional rock climbing and rappelling trips, as well as overnight camping and hiking trips.

In the newly designed "North" program, students have control over their week and are an integral part in developing his/her program. A program which relies on a

high level of investment from its students, North has begun a democratic approach to choosing trips, cooking classes and menus, as well as honoring their own top students. Every Friday, students and staff together discuss the week, plan out future opportunities and students have equal vote with their staff to make decisions on site. As such, the "North Star" is chosen weekly by staff and students and the recipient receives double PBIS points and is recognized by the school community. So far, North has enjoyed trips to Portsmouth and Newburyport, as well as a recent apple picking trip to Honey Pot Apple Orchards and a Halloween trip to Salem, MA.

Finally, Valley's "East" program has enjoyed a successful beginning to the school year. The East is focused on setting up college tours and STEAM programming, with new robotics, coding, and "Arts in Science" additions. STEAM is an educational approach to learning that uses Science, Technology, Engineering, the Arts and Mathematics as access points for guiding student inquiry, dialogue, and critical thinking. The end results are students who take thoughtful risks, engage in experiential learning, persist in problem-solving, embrace collaboration, and work through the creative process.

These are the innovators, educa-

STUDENT KAYLA BLIZZARD HOURIHAN AND TEACHER CO-REY SHEPHERD EXPERIMENTING IN OUR NEW STEM LAB.

tors, leaders, and learners of the 21st century! Valley students are working with Microsoft and Umass Lowell Sound Engineering departments in these areas.

On September 11th, 2017 "East" side visited the Haverhill Firefighter Museum to tour the museum. They were then invited to a private session with the creator of the 9/11 memorial, who discussed the inspiration that led to the memorial dubbed "Clambering Upward". Students were interviewed and this experience was highlighted in a tremendous article by the Eagle Tribune of Lawrence, MA. Valley is so proud of our students who took part in this experience, not to mention the appreciation our "East" side students demonstrated to the men and women of the Haverhill Fire Department.

Site 2 has already incorporated its new students and staff into the fabric of our day to day programming. The focus from Valley's amazing teachers continues to prioritize creating and fostering positive trusting relationships with our students. Valley Transitional High School's Site 2 programming would not be what it is without the teachers, aides, and social workers who build our children up every day and allow them to access the amazing programs Valley has to offer.

7

Site 3: Planning and Preparing for the Year Ahead

he programming on Valley Transitional High School Site 3 has provided the backdrop to begin another great school year! Our programs are continuing to grow and we have added a new classroom in our School and Life Skills program. All of our students continue to work and learn valuable vocational skills out in the community. We thank all of community partners who always welcome us into their businesses so that Valley students can gain the skills they need to be as successful as possible. In the classroom, students are focusing on functional academics and independent living skills.

Our afterschool recreation program started October 2 and has many exciting activities planned by listening to the student's wants and needs. Based on a feedback survey completed by the students at the end of the school year in June, we have incorporated additional sporting activities into our after-school programming. This November, students will develop, increase, and refine their soccer skills at a local gym. Throughout the year, students will be able to participate in other sportsbased activities such as gymnastics, basketball, and swimming. In addition to adding more sports-based activities, we have created scene study classes where the students will be able to practice their dramatic appeal in order to prepare for the upcoming spring play!

As it's never too early to think globally, we are eager to begin preparations for our annual school trip! This year, we are planning to travel across the country in order to focus on exploring San Francisco. This great city offers a variety of learning experiences, where we plan to take a sightseeing tour, travel to see the Redwoods at Muir Woods, explore Alcatraz, and enjoy a San Francisco Giants baseball game. There is already a buzz about this trip from Valley students as students

and staff alike are excited to experience another part of the country together!

MONICA BRUNI PROUDLY DISPLAYS HER ART PROJECT.

Palpable Positive Energy

continued from page 5

 "Academic Recovery" exists for students who incur two or more absences in an academic week. This means that a student is required to spend time making up missed assignments at the beginning of their vocational week before they are able to rejoin their shop. Additionally, students are rewarded at the end of each month if their attendance is exemplary.

Aside from our scheduling changes, a few other modifications have been made to our programmatic offerings, including:

- "Civics and Media Literacy in America:" a new senior class examining American government and political structure, current political climate, and civic responsibilities for our young adults, where political speeches and social media are explored.
- "Transitional Living:" a class that ensures students are working towards transition planning goals on his/her IEPS, while also preparing upperclassmen for their journey into adulthood.

The positive energy within our school is palpable as the beginning of the school year already seems like a distant memory. Student success and confidence is booming and we look forward to continued accomplishments throughout the entire year!

Adult Services: Recognizing Vocational

Independence and Excellence

his fall, Valley Collabora-tive's Adult Service program has many individuals to honor with his/her commitment to excellence and dedication in the workforce and workplace.

The Today and Tomorrow Program would like to acknowledge three outstanding examples of vocational independence and excellence. Crystal Dwyer recently celebrated three years of employment with Wegmans, an upscale regional grocer with a history of excellence in the marketplace, which is a true accolade of her performance and her dedication to her job. Ryan Poisson was promoted to working five days a week at Chelmsford High School as a result of his excellent work ethic and commitment to all things Chelmsford. Additionally. Mike Krawczyk will be honored for his ten years of service to the Lowell National Historic Park (LNHP), and as such, LNHP awarded him with a VIP centennial coin in recognition of his years of unwavering service. In addition, Kenneth Bonnell, a student from Valley Transitional High School's programming in School to Work on Site 3, joined Valley's Today and Tomorrow Program after gradu-

OF EMPLOYMENT AT WEGMANS IN
BURLINGTON, MASSACHUSETTS.

ation. We are excited to have Ken join our Adult Services team!

Valley's Adult Services program also welcomes Joe Venskus and Melina Seitzinger to join its staff! Joe Venskus has worn "many hats" over his twelve years of service with Valley and it was only a matter of time that his wealth of experience and knowledge would lead him to our Adult Services program. Staff from the Today and Tomorrow Program, in addition to contracted services through DDS and MRC, will surely benefit from his leadership as both the staff and individuals being served welcome Joe to his new role as Adult Services Coordinator.

Valley's Adult Services program, in order to meet the needs of the Individuals they serve, identified an ever-growing number of Individuals with disabilities who are experiencing emotional barriers to their ability to reach/sustain their independence. In an effort to ensure each Individual in our adult program receives access to services and resources aimed at increasing their skills and potential, a social worker position was added and filled by Melina Seitzinger. Melina has been with Valley Collaborative for nine years and will bring her clinical knowledge as a Licensed Independent Clinical Social Worker (LICSW) in addition to her programmatic experience working with government agencies to the Adult Program. Melina and Joe will work together to incorporate diverse programming for the individuals served through Valley Collaborative Adult Services. We are excited to have Joe and Melina combine all of their talents in these roles!

In addition to providing vocational experiences, Adult Services offers Individuals the opportunity to learn and practice a variety of adaptive life

RYAN POISSON HARD AT WORK AT CHELMSFORD HIGH SCHOOL

skills that will enhance their independence. The Community Based Day Services (CBDS) has been addressing health and wellness within the context of their programming and incorporated these learning opportunities by bringing awareness to and support for Breast Cancer Awareness Month this past October. CBDS made and sold pink ribbons for \$1 to donate all proceeds to support The Cancer Center at Lowell General Hospital.

Please stop by and visit our program-our door is always open! Our goal is to be visible and productive members of the Valley Collaborative community. ■

ADULTS AND VALLEY STAFF CELEBRATED THE KICKOFF OF THE NFL SEASON BY HOSTING A "PATRIOTS" DAY, SHOWING OFF THEIR NEW ENGLAND PRIDE.

Dr. Scott's Clinical Corner

*continued from page 2

The current DSM-5 definition of Social Anxiety Disorder is:

A persistent fear of one or more social or performance situations in which the person is exposed to unfamiliar people or to possible scrutiny by others. Students suffering from Social Anxiety Disorder fear that they will act in a way that will be embarrassing or humiliating. Exposure to the feared situation almost invariably evokes anxiety. The individual almost always recognizes the fear is excessive. The fear situation is either avoided or endured with intense anxiety or distress. (The American Psychiatric Association 2013)

While this definition is clearly the most definitive and precise official definition produced so far, "social anxiety disorder" has only been officially recognized since 1980, and the problem did not become adequately explained until the 1987 version of the DSM-III-R. Thus, the definition of social anxiety disorder is becoming clearer and more precise with each edition.

According to Wikipedia, on June 29, 2007, the first iPhone was released. The rise of Social Anxiety Disorder and its connection to the use of smartphones definitely has our attention at Valley. Between 2011 and 2013, the percentage of teens nationwide who had smartphones increased from 23 percent to 37 percent. In 2012, 81 percent of teens used some form of social media.

Alexandra Ossola, in her article titled "A New Kind of Social Anxiety in the Classroom," explores the rise of Social Anxiety Disorder and its connection to the use of smartphones. "An estimated 15 million Americans have social anxiety disorder, according to the Anxiety and

Depression Association of America, and symptoms usually start around age 13. More than just shyness, social anxiety causes people to fear the judgment and scrutiny of those around them. People with social anxiety often have concurrent disorders like depression. The disorder can affect every aspect of a person's life, from academic performance to self-esteem; in severe cases, social anxiety can be debilitating, keeping sufferers in bed and out of public places to avoid confrontation." Either way, though, she hypothesizes that teens are using social media as a crutch, a replacement for the in-person interactions that help them develop socially. "It's going to take a lot more research because, as I've seen in my other research about social media, due to excessive use of cell phones, teens and young people alike are not talking face to face. It's hampering their social skills," she said (The Atlantic January 2015).

Jean Twenge, a professor of psychology at San Diego State University, in an article titled "Steve Jobs, Apple and Social Anxiety," states that we are addicted to our phones and as a result, she concludes that our mental health and relationships may be suffering. The iGen generation, born after 1995, is the first generation to spend their entire adolescence with smartphones. Twenge declares, on the tenth year anniversary of the iPhone, the iGen is now becoming adults and there are serious adverse side effects of smartphone technology being used to surplant face-to-face interactions and relationship building. "More and more studies suggest that electronic communication—unlike the face-to-face interaction it may replace—has negative consequences for mental health." (Newsweek July 2017).

As such, I believe it behooves us to take seriously the amount of time spent using smartphones and other 'screen time' technologies. In other words, too much exposure can

VALLEY'S EXECUTIVE DIRECTOR, DR. CHRIS SCOTT, Ph.D., M.Sc., M.Ed, B.Ed., BA.

make us unhappy, socially disconnected, or according to the experts. one could develop anxieties in social settings, perhaps leading to a social anxiety disorder. In the age of social media and technology, it is important to teach our children what an appropriate amount of use of screen time looks like. At Valley, our programming provides students many opportunities to build meaningful, authentic relationships with peers and staff with a focus on fostering relationships. At Valley, we help our students establish, enhance, and practice social skills in targeted skill building groups lead by Speech Language Pathologists on the basis of Michelle Garica Winner's Social Thinking strategies, as well as by incidental learning through common, typical classroom interactions. We believe social connectedness is a precursor to all learning.

Sincerely yours, *Chris*

For more information on this topic, please contact us. We are here to educate/serve.

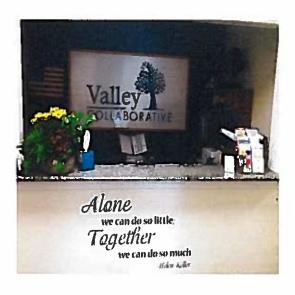

Facilities Report: Building for Success

alley's Operations and Facilities Department, along with the help of our contractors and vendors, had a very productive and exciting summer. We met each timeline set forth for various projects and are proud of the hard work it took to accomplish our many goals. In each of our programs, we accomplished interior improvements and updates to refresh all of our classroom and treatment spaces in addition to larger renovations at 25 Linnell Circle and 40 Linnell Circle.

At 25 Linnell Circle, a reception area was constructed in order to create an appropriate greeting space for all who enter and serve as a directory for Valley's Adult program, as well as Valley's Central Offices. The reception area is a very welcoming addition to help the flow of traffic on the inside of the building. As for the outside of this location, two reflective entrance signs were added to help identify this site as a Valley Program. Lastly, a mailbox was added to 25 Linnell Circle.

At 40 Linnell Circle, the restrooms located on the second floor
were renovated, which enhance
personal care and activities of daily
living lessons, as well as the general
functionality of the facility. Corian
countertops were installed with
built in sinks and faucets to help the
usability of this area. The partitions
between stalls were replaced and
contain new toilet paper dispensers.
Additionally, the paper towel dispensers were replaced and full-sized
mirrors were installed to finish these
enhancements.

At 40 Linnell Circle, all of the tile floors received a "facelift" and were refinished. We welcomed the fall season by planting mums and pumpkins around the entrance. While the temperatures remain a little warm, we are festively decorated and ready for the fall season! Our department is excited to begin another successful school year!

Re: TMHS Semester 2 Add/Drop Course Process Update

This is Informational Only - No Vote of the School Committee is Required

The following email provides an update from the Guidance Department at Tewksbury Memorial High School for the Semester 2 add/drop course(s) process.

Brenda Theriault-Regan bregan@tewksbury.k12.ma.us

Semester 2 Add Drop Update

Brenda Theriault-Regan

 bregan@tewksbury.k12.ma.us>

Wed, Nov 8, 2017 at 9:09 AM

To:

Cc: "kbobrien@tewksbury.k12.ma.us" <kbobrien@tewksbury.k12.ma.us>, Kristen Vogel <kvogel@tewksbury.k12.ma.us>

As you requested, I looked into the add/drop procedure at TMHS.

Here's what I found out:

Semester 1:

Students have up to the first quarter progress report to add/drop or change full-year and half year courses (pending availability).

Semester 2:

Students are able to (and have been) changing their Semester 2 electives throughout Semester 1...as long as it does not impact their full-year courses.

NEW: Once Semester 2 starts, the students will now have 5 days to change an elective course only (pending availability), as long as it does not impact the full-year courses already underway (which already had an opportunity to add/drop).

Our Guidance Dept. will inform all students of the additional 5-day add/drop for Semester 2 electives. This change will be reflected as an amendment to the 17-18 PoS, and entered into next year's 18-19 PoS. Once Semester 2 starts, the elective teacher can additionally remind students of the 5-day add/drop.

Below is the current process in the "17-18 Program of Studies."

COURSE CHANGE PROCEDURE

Once school has begun, students may make changes to their schedule up to the posting of First Quarter Progress Reports (add/drop period) in October. This time frame enables students, teachers, and parents to make informed course and placement decisions. After this time, changes may only be made to core courses at the discretion of the Assistant Principal and Program Administrator, only if a class is either too difficult or too easy. No changes to elective courses may be made after the add/drop period. must be completed to request changes after the add/drop period. Any student changing a level of a core course will receive a W on his/her transcript for the class from which they are changing. Lateral moves will not be allowed.

Please feel free to contact Principal Kristen Vogel, or Guidance Dept. Chair Ms. Baker-O'Brien if you have any further questions.

Sincerely,

Brenda Theriault-Regan

Re: Students From Puerto Rico in Your District

This is Informational Only - No Vote of the School Committee is Required

The following information is from the Massachusetts Department of Elementary and Secondary Education's Homeless Education State Coordinator to the Homeless Liaisons in the Commonwealth. This is informational only, no vote of the School Committee is required.

Good Afternoon Homeless Liaisons,

As you are aware Massachusetts is receiving a significant number of families from Puerto Rico who lost their housing during Hurricane Maria.

We have been provided with a list of hotels being used by FEMA to shelter families. You are receiving this email because a hotel on this list is in your community.

This link is updated as the numbers and locations change. Please click on the link and be sure you are aware of the families landing in your district.

Children and youth in these hotels are homeless. We need to ensure their access to school and educational services. Here are a few things to keep in mind as you are reaching out them:

Attached is a FAQ on enrollment for families (English and Spanish). Please feel free to add your contact information if you are not on the list. The homeless posters and brochures are also attached.

In order to understand where children are enrolling ESE has asked that districts identify children through SIMS by entering "Puerto Rico" in the city-of-birth (see guidance below).

Puerto Rico is still recovering and schools are only beginning to re-open so school records are not available. Please work with the parents and their students to best determine class placement and refer to local clinics regarding medical records.

MASS 211 is providing initial referral services and the state's Family Resource Centers are partnering with community agencies to provide some case management.

Public Housing Authorities have been asked to waive visitation limits to accommodate families that maybe doubling up in public housing.

Many families are expressing concern that FEMA is moving them in a couple of days while others expect to stay for months – the bottom line is children need to be in school.

There is a myth out there that DCF will remove children of homeless families – that is NOT true in Massachusetts. Families must be assured that homelessness is not abuse or neglect and therefore not a reason for removal.

These families are coming from a warm climate and most are not prepared for a New England winter. Hats, mittens, and coats are an immediate need. Please collaborate with your local community providers to ensure that children's needs are being met.

For districts that have enrolled over 50 students from Puerto Rico, Fund Code 313 was posted last night (due 12/15/17) and offers a small amount of funds.

If you have questions/concerns/updates, email is the best way to reach me and I will get back to you.

Thank you very much!

Sarah

Sarah Slautterback Homeless Education State Coordinator Office of Student and Family Support
Massachusetts Department of Elementary and Secondary Education

From the October 6 Weekly Commissioner's Update:

Update on Puerto Rico:

The Department continues to plan for a possible influx of students from Puerto Rico and to consider what additional resources and assistance might be needed. As native Puerto Rican students arrive, districts are asked to please enter students promptly into the district's student information system and to indicate Puerto Rico as the students' place of birth. The Department will be monitoring this data weekly through your Schools Interoperability Framework (SIF) connections in order to identify where the greatest need is. (Those districts not yet on SIF are asked to keep us apprised of incoming numbers.) Helene Bettencourt and Sarah Slautterback are heading up ESE's response team. Please contact them with have any questions or particular needs."

FEMA Evacuee Hotel List - Listado de Hoteles de FEMA para Desalojados

If you are eligible for Transitional Sheltering Assistance, FEMA will pay for the cost to stay in certain hotels or motels for a limited period of time. Costs covered are for the cost of the room and taxes, and any other expenses are not included. Search the list below of participating locations to see if they have availability in the area you have selected. Since room availability changes quickly, please call the hotel prior to travelling to be sure the hotel can accommodate your need.

Si usted es elegible para Asistencia Transicional de Hogar, FEMA puede pagar por el precio que cuesta para que se pueda hospedar en ciertos hoteles o moteles por tiempo limitado. Lo que cubre es el precio del cuarto con impuestos, otros gastos no son incluidos. Busque en la lista de abajo para encontrar locaciones participantes y verificar si hay disponibilidad en el area seleccionada. Como la disponibilidad cambia rapidamente, por favor llame al hotel antes de viajar para asegurarse que el hotel le pueda acomedir.

File: DJE - BIDDING PROCUREMENT REQUIREMENTS

All purchases of materials and equipment and all contracts for construction or maintenance in amounts exceeding \$35,000 \$50,000 will be based upon competitive bidding. All purchases valued between \$10,000 and \$50,000 shall require the procurement officer to attempt to secure 3 quotes for all materials, equipment, or services. All purchases valued at less than \$10,000 shall require the use of sound business practices to secure the best quality at the best price.

An effort will be made to procure multiple bids for all purchases in excess of \$35,000 \$50,000. When recommending acceptance of a bid, the Superintendent will inform the Tewksbury School Committee whenever possible of the competitive price of a reasonable substitute for the item specified.

When bidding procedures are used, bids will be advertised appropriately. Suppliers will be invited to have their names placed on mailing distribution lists to receive invitations to bid. When specifications are prepared, they will be mailed distributed to all merchants and firms who have indicated an interest in bidding.

All bids will be submitted in sealed envelopes, addressed to the Superintendent and plainly marked with the name of the bid and the time of the bid opening. Bids will be opened in public at the time specified, and all bidders will be invited to be present.

The Committee reserves the right to reject any or all bids and to accept the bid that appears to be in the best interest of the school system. The Committee reserves the right to waive any informality in, or reject, any or all bids or any part of any bid. Any bid maybe withdrawn prior to the scheduled time for the opening of the bids. Any bid received after the time and date specified will not be considered. All bids will remain firm for a period of 30 days after opening.

The bidder to whom an award is made may be required to enter into a written contract with the school system.

File: DK - PAYMENT PROCEDURES

All claims for payment from school department funds will be processed in accordance with regulations developed by the Superintendent. Payment will be authorized against invoices properly supported by approved purchase orders, with properly submitted vouchers, or in accordance with salaries and salary schedules approved by the Tewksbury School Committee.

As an operating procedure, the Committee will receive monthly lists of bills (warrants) for payment from school department funds. The lists will be certified as correct and approved for payment by the Tewksbury School Committee and then forwarded to the Town Auditor for processing and subsequent payment by the Town Treasurer. Actual invoices, statements, and vouchers will be available for inspection by the Tewksbury School Committee.

The Superintendent will be responsible for assuring that budget allocations are observed and that total expenditures do not exceed the amount allocated in the budget for all items.

The school-building administrators will be responsible for observing budget allocations in their respective schools.

File: DKC - EXPENSE REIMBURSEMENTS

Personnel and school department officials who incur expenses in carrying out their authorized duties will be reimbursed by the school department upon submission of a properly completed and approved voucher and any supporting receipts required by the Superintendent.

When official travel by personally owned vehicle is authorized, mileage payment will generally be made at the rate currently approved by the Committee state rate. Based on individual contracts, a stipend may be given. However, a monthly travel stipend, in an amount established, will be paid to the personnel authorized by the Committee.

To the extent budgeted for such purposes in the school budget, approval of travel requests will-be as follows:1. Travel by Tewksbury School Committee members must have prior approval of the Tewksbury School Committee. 2. Any overnight travel request must be approved in advance by the Committee unless previously approved within an individual employment agreement. Staff travel requests within budgetary limits may be approved by the Superintendent. Staff travel requests that exceed budgetary limits will require the approval of the School Committee and the identification of funding sources by administration. 3. Each individual request will be judged on the basis of its benefit to the school system.

File: EB - SAFETY PROGRAM

Accidents, unplanned occurrences that can result in tragic consequences--bodily harm, loss of school time, property damage, legal action, and even fatality. The Tewksbury School Committee will guard against such occurrences by taking every possible precaution to protect the safety of all students, employees, visitors and others present on school property or at school-sponsored events.

The committee will comply with safety requirements established by governmental authorities and will insist that its staff adhere to recommended safety practices as these pertain, for example, to the school plant, special areas of instruction, student transportation, school sports and occupational safety.

The practice of safety will also be considered a facet of the instructional program of the schools. Instruction in accident prevention as well as fire prevention; emergency procedures; traffic, bicycle, and pedestrian safety.

The Superintendent will have overall responsibility for the safety program of the school system. It will be the responsibility of the Superintendent to see that appropriate staff members are kept informed of current state and local requirements relating to fire prevention, civil defense, sanitation, public health, and occupational safety.

Efforts directed toward the prevention of accidents will succeed only to the degree that all staff members recognize that preventing accidents is a daily operational responsibility.

File: EBAB - PEST MANAGEMENT POLICY

The Tewksbury Public Schools are committed to providing a safe and properly maintained environment for all staff, students and visitors. To achieve this end, the School District will implement integrated pest management procedures for its buildings and grounds.

The integrated pest management procedures shall include implementation of appropriate prevention and control strategies, notification of certain pesticide and herbicide uses, record keeping, education and evaluation.

Integrated pest management procedures will determine when to control pests and what method of control to choose. Strategies for managing pest populations will be influenced by the pest species, location and whether and at what population level its presence poses a threat to people, property or the environment. The full range of action alternatives, including no action, will always be considered.

I. OVERVIEW AND GOALS

- A. The Tewksbury Public Schools shall develop and implement an integrated pest management program.
- B. An integrated pest management program is a pest control approach that emphasizes using a balanced combination of tactics (cultural, mechanical, biological, chemical) to reduce pests to a tolerable level while using pesticides and herbicides as a last resort to minimize health, environmental and economic risks.
- C. Pesticides and herbicides will be used only as a last resort, based on a review of all other available options.
- D. The integrated pest management program shall strive to:
 - 1. Reduce any potential human health hazard.
 - 2. Reduce loss or damage to school structures or property.
 - 3. Minimize the risk of pests from spreading in the community.
 - 4. Enhance the quality of facility use for school and community.
 - 5. Minimize health, environmental and economic risks.

II. RESTRICTIONS ON USE OF PESTICIDES AND HERBICIDES

A. When pesticides or herbicides are used, they must be classified as an EPA Category III or IV. Application of any pesticide or herbicide may be performed only by certified applicators.

B. Application of pesticides and herbicides may only be accomplished during a school break or when the building will be clear of students for at least 48 hours.

III. NOTIFICATION OF PESTICIDE AND HERBICIDE USE

- A. When pesticides or herbicides are used outdoors, notice of their use will be provided to parent/guardians, staff and students and will also be posted in a common area.
- B. When pesticides and herbicides are used in a building, the site will provide a 48-hour pre-notification in the form of posting the product name, purpose, application date, time and method and the Material Safety Data Sheet on all entrance doors. A contact person will also be listed.
- C. In the event of an EPA registered pesticide or herbicide application in or around a building site during the school year or summer session, a notice (including the product name, purpose, contact person, and application date, time and method), will be sent home in writing with students in the affected building at least 5 days prior to application.

IV. RECORD-KEEPING

- A. The District will keep a record of pesticides and herbicides used, amounts and locations of treatments and will keep any Material Safety Data Sheets, product labels and manufacturer information on ingredients related to the application of the pesticides or herbicides.
- B. All records of pesticides and herbicides used and correspondence will be available for public review upon notice and during normal school hours.

V. STAFF RESPONSIBILITIES AND EDUCATION

- A. Designated staff (School Nutrition, Buildings and Grounds, etc.) will participate in sanitation and pest exclusion procedure appropriate to their roles. For example: keeping doors closed, repairing cracks, removing food waste within 12 hours, keeping lids on garbage receptacles and keeping vegetation properly out cut.
- B. Ongoing education of all appropriate District staff will be a priority to ensure a safe and clean environment.

ADOPTED: November 4, 2015

Revised:

LEGAL REF.: Chapter 85 of the Acts of 2000, "An Act to Protect Children and Families from Harmful Pesticides." M.G.L. 71:68; 132B

File: EBB-FIRST AID

The school district attempts to provide a safe environment. If an accident or sudden illness occurs, school personnel will administer first aid and, if warranted, call appropriate emergency personnel emergency medical services. In the case of illness that may include an infectious disease the school physician shall be notified in accordance with law.

First aid is defined as the immediate and temporary care given in case of an accident or sudden illness, which enables the child to be taken safely home or to a physician. It does not include diagnosis or treatment. Any care beyond first aid will not be given.

At each school, procedures will be developed for the proper handling of an injury to, or sudden illness of, a child or staff member. These will be made known to the staff and will incorporate the following requirements:

- 1. The school nurse or another trained person will be responsible for administering first aid.
- 2. When the nature of an illness or an injury appears in any way serious, every effort will be made to contact the parent/guardian/guardian and/or family physician immediately.
- 3. No young child who is ill or injured will be sent home alone, nor will any older child unless the illness or injury is minor. A young child who is ill or injured will not be taken home unless it is known that someone is there to receive—him/her.
- 3. In extreme emergencies, the school nurse, school physician or Principal may make arrangements for immediate hospitalization transport to a hospital of injured or ill students, contacting parent/guardian or guardian in advance if at all possible.
- 4. The teacher or other staff member to whom a child is responsible at the time an accident occurs will make out a report on an official form providing details about the accident. This will be required for every accident for which first aid is given.
- 5. All accidents to students and staff members will be reported as soon as possible to the Superintendent and the Tewksbury School Committee.

"Code Red" Safety Procedures

File: EBC - EMERGENCY PLANS

Advance planning for emergencies and disasters is essential to provide for the safety of students and staff; it also strengthens the morale of all concerned to know that plans exist and that students and staff have been trained in carrying out the plans.

The Superintendent will develop and maintain plans that meet the requirements of state law for preparedness in case of fire, civil emergencies, natural disasters, and safety threats.

The Superintendent shall develop, in consultation with school nurses, school physicians, athletic coaches, trainers, and local Emergency Medical Services agencies, an Emergency Medical Response Plan for each school in the district. Each Plan shall include:

- 1. A method establishing a rapid communications system linking all parts of the school campus, including outdoor facilities, to local Emergency Medical Services along with protocols to clarify when EMS and other emergency contacts will be called.
- 2. A determination of EMS response times to any location on the campus.
- 3. A list of relevant contacts with telephone numbers and a protocol indicating when each person shall be called, including names of experts to help with post-event support.
- 4. A method to efficiently direct EMS personnel to any location on campus, including the location of available rescue equipment.
- 5. Safety precautions to prevent injuries in classrooms and on the school campus.
- 6. A method of providing access to training in CPR and first aid for teachers, athletic coaches, trainers, and other school staff which may include CPR training for High School students; provided that School Committees may opt out of instruction in CPR pursuant to Section 1 of Chapter 71.
- 7. In the event the school possesses Automated External Defibrillators (AEDs), the location of all available AEDs, whether the location is fixed or portable, and a list of personnel trained in its use.

Plans shall be submitted at least every 3 years by-September 1. Plans must be updated in the case of new construction or other physical changes to the school campus.

Building Principals will meet all requirements for conducting fire drills and Emergency Response Drills to give students practice in moving with orderly dispatch to designated areas under emergency conditions, and the staff practice in carrying out their assigned responsibilities for building evacuation.

File: EC - BUILDINGS AND GROUNDS MANAGEMENT

The Tewksbury School Committee's most important function is to provide for the education of children, and it recognizes that the education of children is dependent upon many factors, including a proper physical environment that is safe, clean, sanitary, and as comfortable and convenient as the facilities will permit or the use requires.

The supervision over the care and safekeeping of property used by the school department will be the general responsibility of the Superintendent or designee. He/she will work with other town municipal departments, as necessary, to develop a comprehensive and well-defined plan for the proper maintenance, cleanliness, and safekeeping of all school buildings and grounds to ensure that each school is equally well maintained, equipped, and staffed.

The Superintendent or designee will establish procedures and employ such means as may be necessary to provide accurate information in regard to the nature, condition, location, and value of all property used by the school department; to safeguard the property against loss, damage, or undue depreciation; to recover and restore to usefulness any property that may be lost, stolen or damaged; and to do all things necessary to ensure the proper maintenance, cleanliness, and safe-keeping of school property.

Within the separate schools, the building administrator will be responsible for proper care, maintenance, and cleanliness of buildings, equipment and grounds.

REVISE and/or ADOPT MASC POLICY - Policies recommended for revision to TPS or adoption of MCAS policy recommendations.

File: ECA - BUILDINGS AND GROUNDS SECURITY

Public school buildings and grounds are one of the greatest investments of the town. It is deemed in the best interest of the school department and town to protect the investment adequately.

Security should mean not only maintenance of a secure (locked) building, but protection from fire hazards and faulty equipment, and safe practices in the use of electrical, plumbing, and heating equipment and the storage of hazardous materials and chemicals. The committee expects close cooperation with fire and law enforcement departments and with insurance company inspectors.

Access to school buildings and grounds outside of regular school hours will be limited to personnel whose work requires it. An adequate key control system will be established, which will limit access to buildings to authorized personnel and will safeguard against the chance of entrance to buildings by unauthorized persons.

Funds and valuable records will be kept in a safe place and under lock and key.

Protective devices designed to be used as safeguards against illegal entry and vandalism will be installed and maintained when appropriate to the individual situation. Employment of watehmen security personnel may be approved in situations where special risks are involved.

File: EDC - AUTHORIZED USE OF SCHOOL-OWNED MATERIALS

The Tewksbury School Committee wishes to be of assistance, whenever possible, to other town departments and community organizations. Therefore, permission to use school equipment may be granted by the Superintendent upon request by responsible parties or organizations.

School equipment may be used by staff members upon approval of their immediate supervisor and when the use is related to their school employment.

Use of school equipment by students must be approved by the building administrator and the equipment is to be used in connection with their studies or extracurricular activities.

Proper controls will be established by the Business Manager to assure the user's responsibility for, and return of, all school equipment.

File: EEAA - WALKERS AND RIDERS

Students will be entitled to transportation to and from school at the expense of the public schools when such transportation conforms with applicable provisions of the Massachusetts General Laws. Reimbursement to the school system for transportation costs is given by the Commonwealth, subject to appropriation, only for (a) students living at least one and one half miles from school, (b) students who live more than one mile from the nearest bus stop, and (c) students with special needs for whom transportation must be provided.

Additionally, the committee will provide transportation for students as follows:

Kindergarten: All students, except those living in immediate proximity to the school, as determined by the Superintendent.

Grades 1 - 4: Students living more than one mile from school.

Grades 5 - 6: Students living more than one and one-half miles from school.

Grades 7 -12: Students living more than two miles from school.

Exceptions to these guidelines may be made at the discretion of the Superintendent. This will apply particularly to any student who must travel in a hazardous area to and from school. These students will be transported regardless of the mileage limits listed.

File: FA - FACILITIES DEVELOPMENT GOALS

The School Committee believes that any educational program is influenced greatly by the environment in which it functions. The development of a quality educational program and of school facilities that help to implement the program must go hand in hand.

Therefore, it is the Committee's goal to provide the facilities needed for the number and educational requirements of students in the school system, and to provide the kind of facilities that will best support and accommodate the educational program.

In planning facilities, the Committee recognizes that capital outlay funds are limited, and that priorities must be established to make the best use of the school building dollar. The Committee's first objective will be to develop a plan that eliminates overcrowding and minimizes the need for extended day programs and double sessions. Whenever possible, the cultural as well-as educational needs of the community will be considered in planning facility expansions.

Architects retained by the Committee are expected to plan for simplicity of design; sound economics, including low long-range maintenance costs, efficiency-in energy needs, low insurance rates; high educational use; and flexibility.

To best use local resources, it is the Committee's intent, wherever possible, to partner with the Massachusetts School Building Authority.

Recognizing that school facilities are long-term community investments, the Committee will develop projects that reflect cost-effective designs, are consistent with good engineering practice, and use high quality construction, with attention to current and future technological practices for students, faculty, and school staff. Sites will be chosen to meet the educational need, maximize the use of any available community resources, and minimize any possible adverse education, environmental, social, or economic impacts on the community.

Revised: June 24, 1999

Revised and Adopted: September 25, 2013

Revised:

LEGAL REF.: 603 CMR 2:00

File: FF - NAMING NEW FACILITIES

Naming a school facility is an important matter that deserves thoughtful attention. Personal prejudice or favoritism, political pressure, or temporary popularity should not be an influence in choosing a school name for a school, a portion of a school, or a portion of school grounds. A name with educational significance or inspiration should be chosen. The Committee also feels that it is appropriate to name schools for physical locations; geographical areas; distinguished local, state, and national leaders whose names will lend dignity and stature to the school; or significant or pertinent events.

The Superintendent will prepare for the approval of the Committee a procedure to follow in recommending names for school buildings. Whenever possible, the wishes of the community, including parents and students, should be considered in naming new facilities.

The School Committee has the authority to approve the naming and renaming of buildings, structures, and facilities located on school property. The School Committee also has the authority to name subsections of existing structures or facilities, such as classrooms, auditoriums, and gymnasiums.

Names and/or wording associated with school facilities shall be consistent with school district policies and promote messages aligned with the mission, vision and goals of the school district. To the extent possible, names and/or wording should be designed not to restrict the use of a space or inhibit changing the function of the space should that become necessary in the future.

When the opportunity to name or dedicate a new school or school related property, structure or facility is forthcoming, an orderly procedure will be communicated at the next available School Committee meeting. The Committee's agendas should clearly reflect the intent to consider, review, and vote on naming opportunities.

Submission of a name for a school space may be made by any resident or by the Superintendent, in writing, and should be made to the School Committee Chairperson. If a name is being initiated at the local school level, the Principal must take reasonable steps to include the School Council and PAC in the nomination of the name before submission to the School Committee.

The written request should specify the intent of the requestor and the reasons why this particular name would fit the facility. It should offer appropriate background information on the person or organization after which the facility will be named. An offer of a financial contribution to the School District may accompany the naming request, but the School Committee is not obligated to accept or reject a name based upon financial considerations alone. Philanthropic contributions in support of the School District are encouraged by the School Committee. The School Committee may acknowledge generous donors by designating appropriate spaces within the School District's facilities consistent with the level of financial commitment.

Following the submission of a naming request, the School Committee Chairperson will specify a consideration period that allows for public comment, following which the Committee will deliberate and vote on the name.

Second & Final Reading

REVISE and/or ADOPT MASC POLICY - Policies recommended for revision to TPS or adoption of MCAS policy recommendations

It is expected that an orderly, announced procedure will lessen the community or factional pressures that so quickly build up when the selection is delayed or seems uncertain. A prompt decision will reduce disappointments and advance community solidarity.

Much confusion in accounts, files, and records can be avoided if a new school can be identified by name before the planning starts.

File: GBEA - STAFF ETHICS / CONFLICT OF INTEREST

The Tewksbury School Committee expects members of its professional staff to be familiar with the codes of ethics that applies to their profession and to adhere to it in their relationships with students, parent/guardians, coworkers, and officials of the school system.

No employee of the Committee will engage in or have a financial interest in, directly or indirectly, any activity that conflicts or raises a reasonable question of conflict with his/her duties and responsibilities in the school system. Nor will any staff member engage in any type of private business during school time or on school property.

Employees will not engage in work of any type where information concerning customer, client, or employer originates from any information available to them through school sources.

Moreover, as there should be no conflict of interest in the supervision and evaluation of employees, at no time may any administrator responsible for the supervision and/or evaluation of an employee be directly related to him/her.

Every 2 years, all current employees, including School Committee members, must complete the State Ethics Commission's online training. New employees must complete this training within 30 days of beginning employment and every 2 years thereafter. Upon completing the program, employees should print out the completion certificate and keep a copy for themselves. Employees will be required to provide a copy of the completion certificate to the Town or district Clerk through the Superintendent's office.

In order to avoid the appearance of any possible conflict, it is the policy of the School Committee that when an immediate family member, as defined in the Conflict of Interest statute, of a School Committee member of district administrator is to be hired into or promoted within the School District, the Superintendent shall file public notice with the School Committee and the Town or District Clerk at least two weeks prior to executing the hiring in accordance with the law.

File: GBEB - STAFF CONDUCT

All Tewksbury Public School staff members have a responsibility to familiarize themselves with and abide by the laws and regulations of the State as these affect their work, the policies of the

Tewksbury School Committee, and the regulations procedures designed to implement them.

In the area of personal conduct, the Committee expects that teachers and others will conduct themselves in a manner that not only reflects credit to the school system but also sets forth a

model worthy of emulation by students.

All staff members will be expected to carry out their assigned responsibilities with conscientious

concern.

Essential to the success of ongoing school operations and the instructional program are the

following specific responsibilities, which will be required of all personnel:

1. Faithfulness and promptness in attendance at work.

2. Support and enforcement of policies of the Committee and their implementing

regulations procedures and school rules in regard to students.

3. Diligence in submitting required reports promptly at the times specified.

4. Care and protection of school property.

5. Concern for and attention to their own and the school system's legal responsibility

for the safety and welfare of students, including the need to ensure that students are under

supervision at all times.

6. Due diligence in providing the appropriate school and grade level curriculum required

to their students in insuring their academic success.

DOMESTIC VIOLENCE LEAVE POLICY

It shall be the policy of the school district to permit an employee to take up to 15 days of domestic violence leave from work in any 12 month period. In order to be eligible for said leave:

- (i) the employee, or a family member of the employee must be a victim of abusive behavior;
- (ii) the employee must be using the leave from work to seek or obtain medical attention, counseling, victim services or legal assistance; secure housing; obtain a protective order from court; appear before a grand jury; meet with a district attorney or other law enforcement official; or attend child custody proceedings or address other issues directly related to the abusive behavior against the employee or family member of the employee; and
- (iii) the employee must not be the perpetrator of the abusive behavior against such employee's family member.

The employer shall have the sole discretion to determine whether this leave shall be paid or unpaid. An employee seeking such leave shall exhaust all annual or vacation leave, personal leave and sick leave available to the employee, prior to requesting or taking domestic violence leave, unless the employer waives this requirement.

Except in cases of imminent danger to the health or safety of an employee, advanced notice of domestic violence leave shall be required. If such imminent danger exists the employee shall notify the employer within 3 workdays that the leave was taken. The notification may be communicated to the employer by the employee, a family member of the employee or the employee's counselor, social worker, health care worker, member of the clergy, shelter worker, legal advocate or other professional who has assisted the employee in addressing the effects of the abusive behavior. If an unscheduled absence occurs, an employer shall not take any negative action against the employee if the employee, within 30 days from the unauthorized absence or within 30 days from the employee's last unauthorized absence in the instance of consecutive days of unauthorized absences, provides any of the documentation found in (1) to (7) below. An employer may require documentation that the employee or employee's family member has been a victim of abusive behavior and that the leave is consistent with clauses (i) to (iii) as above referenced; provided, however, that an employer shall not require an employee to show evidence of an arrest, conviction or other law enforcement documentation for such abusive behavior. The documentation shall be provided to the employer within a reasonable period after the employer requests it.

An employee shall satisfy this documentation requirement by providing anyone of the following documents to the employer:

- (1) a protective order, order of equitable relief or other documentation issued by a court of competent jurisdiction as a result of abusive behavior against the employee or employee's family member;
- (2) a document under the letterhead of the court, provider or public agency which the employee attended for the purposes of acquiring assistance as it relates to the employee or family member;

- (3) A police report or statement of a victim or witness provided to police documenting the abusive behavior;
- (4) documentation that the perpetrator of the abusive behavior has admitted to sufficient facts to support a finding of guilt; or has been convicted of, or has been adjudicated a juvenile delinquent by reason of any offense constituting abusive behavior;
- (5) medical documentation of treatment as a result of the abusive behavior;
- (6) a sworn statement, signed under the penalties of perjury, provided by a counselor, social worker, health care worker, member of the clergy, shelter worker, legal advocate or other professional who has assisted the employee in addressing the effects of the abusive behavior;
- (7) a sworn statement, signed under the penalties of perjury, from the employee attesting that the employee has been a victim of or is a family member of a victim of abusive behavior.

All information related to the employee's leave shall be kept confidential and shall not be disclosed, except to the extent that disclosure is:

- (i) requested or consented to, in writing, by the employee;
- (ii) ordered to be released by a court of competent jurisdiction;
- (iii) otherwise required by applicable federal or state law;
- (iv) required in the course of an investigation authorized by law enforcement, including, but not limited to, an investigation by the Attorney General; or
- (v) necessary to protect the safety of the employee or others employed at the workplace.

The Superintendent shall ensure that notice is provided to all employees in the next school year and beyond by appropriately amending the district's employee handbooks, by whatever title they may be known, or by direct notice about the Domestic Violence Law and securing the employees signature acknowledging receipt of the handbook/notice. The Superintendent shall be responsible for notifying all current employees, unless they have been notified through the handbook, of this policy in a manner that he/she deems appropriate.

No employer shall coerce, interfere with, restrain or deny the exercise of, or any attempt to exercise, any rights provided herein or to make leave requested or taken contingent upon whether or not the victim maintains contact with the alleged abuser. No employer shall discharge or in any other manner discriminate against an employee for exercising the employee's rights under law. The taking of domestic violence leave shall not result in the loss of any employment benefit accrued prior to the date of such leave. Upon the employee's return from such leave, he/she shall be entitled to restoration to the employee's original job or to an equivalent position. Definitions of 'abuse', "abusive behavior", "domestic violence", "employees" and "family members" may be found in the laws referenced below.

File: GBK - STAFF COMPLAINTS AND GRIEVANCES

The Tewksbury School Committee will encourage the administration to develop effective means of resolving differences that may arise among employees and between employees and administrators; reduce potential areas of grievances; and establish and maintain recognized channels of communication between the staff, administration, and Tewksbury School Committee.

It is the committee's desire that grievance procedures provide for prompt and equitable adjustment of differences at the lowest possible administrative level, and that each employee be assured opportunity for an orderly presentation and review of complaints and concerns.

Channels established will provide for the following:

- 1. That teachers and other school employees may appeal a ruling of a pPrincipal or other administrator to the sSuperintendent.
- 2. That all school employees may appeal a ruling of the sSuperintendent to the eCommittee, except in those areas where the law has specifically assigned authority to the pPrincipal and/or the sSuperintendent and eCommittee action would be in conflict with that law.
- 3. That all hearings of complaints before the sSuperintendent or eCommittee be conducted in the presence of the administrator who made the ruling that is the subject of the grievance.

The process established for the resolution of grievances in contracts negotiated with recognized employee bargaining units will apply only to "grievances" as defined in the particular contract.

Teachers

The Tewksbury School Committee will adopt a salary schedule for regular teaching personnel as part of the contract negotiated with the teachers' bargaining unit. The schedule will be designed to recognize and reward training and experience and encourage additional study for professional advancement.

Principals

Salaries will be reviewed annually prior to July 1. The Tewksbury School Committee, with the advice of the Superintendent, will establish levels of compensation for each position based on the circumstances, dynamics, and requirements of each position. Consideration may be given to individuals for exceptional performance as a basis for establishing merit increases for Principals. It is the responsibility of the Superintendent to present evidence to the School Committee to support recommendations for merit increases.

Administrators

Salaries will be reviewed annually prior to July 1. The Superintendent may, upon the request of the Committee, survey other school systems to determine salaries being paid for comparable positions in each system. The survey will include the effective date of the specified salary.
