

Who are we? Parents/guardians of children on IEPs, 504s and/or other interested parties.

Our goals:

- To support each other through the challenges of raising children with disabilities.
- To learn more about services and accommodations that can help our children thrive in school, at home, and in the community.
- To build trust between families and the school system through transparent and honest communication and collaboration.
- To meet regularly with school administrators to give our input on the policies and programs that affect our children.
