SCHOOL COMMITTEE/ADMINISTRATORS WORKSHOP TOPICS - REOPENING PLAN & GOALS

Mr. Malone reported the 2020-2021 school year was a challenge but we had significant accomplishments in the past year. He will welcome questions and comments from the Committee afterwards. Mr. Malone reported the district is preparing for a safe return to school for students and staff, while providing enhanced opportunities for academic success for all students.

Superintendent of Schools Christopher J. Malone, cmalone@tewksbury.k12.ma.us

He reported the School Committee will hear from district principals and directors today about scheduling, collaboration with staff on student specifics as the district continues to negotiate with the Tewksbury Teachers Association (TTA) to provide positive outcomes for our students.

He commented that the Hybrid Model presents challenges for parents. We continue to look at Food Services regarding how to provide meals, staffing, and social distancing eating 6' apart. Transportation is another challenge as we are limited to the students on a bus. We are managing multiple staff leave requests specific to the COVID pandemic. The district is actively looking for substitutes. Due to these challenges the partial day in-person followed by the remaining of the school day in a remote setting is more attainable. The district is setting high expectations and working closely with the TTA specifically with Remote Learning and the Remote Learning Academy.

Mr. Malone opened the workshop and commenced the presentation. The members of the district administrators presented the 2019-2020 school year review and the 2020-2021 goals. The powerpoint presentation can be viewed on the district website: [20-21 District Goals and School Improvement Plans](#).
