May 5, 2022

6:00 - 7:30

This is a virtual meeting.

The Autism Insurance Resource Center will help you to:

- Understand how autism treatments are covered by your employer-provided insurance or other existing coverage, such as Mass-Health.
- Figure out how to expand your coverage and/or make it more affordable by getting help with co-pays, deductibles, or co-insurance.
- Help with insurance problems such as denials, appeals, and Mass-Health terminations/redeterminations.
- Provide autism insurance guidance across the lifespan.

This can be complicated! The Autism Insurance Resource Center is here to help! Their services are always free.
