Presentation
June 8, 2022**

What is the TSEPAC?

The Tewksbury Special Education PAC is a public body which serves as an adviser to the School Committee on matters that pertain to the education and safety of students with disabilities.

In addition, the SEPAC has a duty to meet regularly with school officials to participate in the planning, development and evaluation of the district's special education programs.

Who can be a part of the TSEPAC?

Our TSEPAC is a group of parents, caregivers and interested parties(residents, advocates, teachers, staff, etc.) who have children on IEPs or 504s. Together, we work to support each other while raising children with disabilities. The TSEPAC hosts meetings and informational workshops regarding Special Education.

Please accept my recommendation for **Robert Rogers** and **Jennifer Mrozowski** to continue as Mentor Program Teacher Leaders for the 2022-2023 school year.

It is anticipated that there will need to be some changes to the TPS Mentor Handbook and also to the content and formatting of the school year monthly meetings. I am hopeful that Mr. Rogers and Mrs. Mrozowski will use their commitment to the program and experience to work collaboratively with me as we seek to adapt this mandated district professional development program to the needs of our schools, our newest educators, and to those veteran teachers who offer to walk with them their first year of employment in Tewksbury.

Policy

File: BEDH - PUBLIC COMMENT AT SCHOOL COMMITTEE MEETINGS

All regular and special meetings of the Tewksbury School Committee shall be open to the public. Executive sessions will be held only as prescribed by the Statutes of the Commonwealth of Massachusetts.

The Tewksbury School Committee desires citizens of the district to attend its meetings so that they may become better acquainted with the operations and the programs of our local public schools. In addition, the Committee would like the opportunity to hear the wishes and ideas of the public. **Public comment is not a discussion, debate, or dialogue between individuals and the School committee. It is an individual's opportunity to express an opinion on issues within the School Committee's authority.**

In order that all citizens who wish to be heard before the Committee have a chance and to insure the ability of the Committee to conduct the district's business in an orderly manner, the following rules and procedures are adopted:

1. At the start of each regularly scheduled Tewksbury School Committee meeting, individuals **or a group designee will sign in for an opportunity to speak during public comment.** The length of the public participation segment shall be determined by the Chairperson.
2. Speakers will be allowed three (3) minutes to present their material. The presiding Chairperson may permit extension of this time limit. **Speakers who require reasonable accommodations on the basis of a speech-related disability or who require language interpretation services may be allotted a total of five (5) minutes to present their material.**
3. Topics for discussion must be limited to those items listed on the Tewksbury School Committee meeting agenda for that evening.
4. Improper conduct and remarks will not be allowed. Defamatory or abusive remarks are always out of order. If a speaker persists in improper conduct or remarks, the Chairperson may terminate that individual's privilege of address.
5. All remarks will be addressed through the Chairperson of the meeting.
6. Speakers may offer such objective criticisms of the school operations and programs as concern them, but in public session the Committee will not hear personal complaints of school personnel nor against any member of the school community. Under most circumstances, administrative channels are the proper means for disposition of legitimate complaints involving staff members.

7. Written comments longer than three (3) minutes may be presented to the Committee before or after the meeting for the Committee member's review and consideration at an appropriate time.

File: BJ - SCHOOL COMMITTEE LEGISLATIVE PROGRAM

The Tewksbury School Committee, as an agent of the state, must operate within the bounds of state and federal laws affecting public education. If the committee is to meet its responsibilities to the residents and students of this community, it must work vigorously for the passage of new laws designed to advance the cause of good schools and for the repeal or modification of existing laws that impede this cause.

To this end:

1. The committee will keep itself informed of pending legislation and actively communicate its concerns and make its position known to elected representatives at both the state and national level.

2. The committee will work with its legislative representatives (both state and federal), with the Massachusetts Association of School Committees, and other concerned groups in developing an annual, as well as a long-range, legislative program. One of the major objectives of the committee's legislative program will be to seek full funding for all state and federally mandated programs.

- ~~3. The committee will annually designate a person who may or may not be a member of the committee to serve as its legislative representative. This person will be authorized to speak on the committee's behalf with respect to legislation being considered by the Massachusetts Legislature or the United States Congress or their respective committees. In all dealings with individual elected representatives, the Legislature or Congress, the committee's representative will be bound by the official positions taken by the Tewksbury School Committee.~~

File: EFD - MEAL CHARGE POLICY

The School Committee is committed to providing students with healthy, nutritious meals each day so they can focus on school work, while also maintaining the financial integrity of meal programs and minimizing any impact on students with meal charges. However, unpaid meal charges place a large financial burden on the school district, as food services is a self-supporting entity within the district. The purpose of this policy is to ensure compliance with federal reporting requirements of the USDA Child Nutrition Program, as well as provide oversight and accountability for the collection of outstanding student meal balances.

The provisions of this policy pertain to regular priced school meals only. The School Committee will provide a regular meal to students who forget or lose their lunch money.

Meal Charges and Balances

Students will pay for meals at the regular rate approved by the Tewksbury School Committee and for their meal status (regular, reduced-price, or free) each day. Payment options will be delineated in student handbooks and provided to parents/guardians of incoming students. After the balance reaches zero and enters the negative, students will not be allowed to purchase a la carte items including but not limited to a second entrée, snack, ice cream, or an additional beverage. The student will still be allowed to take a meal, and that meal will continue to be charged to the account at the standard lunch rate based on their meal status. The parent/guardian is responsible for any meal charges incurred. If there is a financial hardship, a parent/guardian should contact the Tewksbury Food Services directly to discuss payment options such as an individualized repayment plan.

Payments

Parents/Guardians are responsible for all meal payments to the Tewksbury Food Service Program. Notices of low or deficit balances will be sent directly to parents/guardians via email or regular postal mail at regular intervals during the school year. At no time shall any staff member give payment notices to students unless that student is known to be an emancipated minor who is fully responsible for themselves or over the age of 18. If parents/guardians have issues with student purchases they should contact food services for assistance.

The point of sale system is designed to prevent direct identification of a student's meal status. Parents/guardians will receive automated low-balance emails or mailed notices weekly, if applicable. If notices do not result in payment, parents/guardians will receive a phone call from the Tewksbury Food Services. If the phone call does not result in payment the Food Service Manager shall turn the account over to the Business Office. A record of action shall be kept by Food Service to ensure documentation of the process.

Parents/Guardians may pay for meals in advance. Further details are available on the Tewksbury Public Schools' webpage and in student handbooks. Funds should be maintained in accounts to

minimize the possibility that a child may be without meal money on any given day. Any remaining funds for a particular student, whether positive or negative, will be carried over to the next school year.

All school cafeterias possess computerized point of sale/cash register systems that maintain records of all monies deposited and spent for each student and those records are available to parents/guardians by setting up an online account (see student handbooks for more details) or by speaking with the school's Food Service Manager.

Refunds

Refunds for withdrawn and/or graduating students require a written request (email, postal, or in person) for a refund of any money remaining in their account to be submitted. Graduating students also have the option to transfer funds to a sibling's account or to donate to a student in need with a written request.

Delinquent Accounts/Collections

Failure to maintain up to date accounts may result in a delay of a student's extra-curricular school services, especially those that are fee based. ~~Graduating seniors may lose the ability to participate in certain graduation related activities.~~

The Superintendent shall ensure that there are appropriate and effective collection procedures and internal controls within the Tewksbury Public Schools' Business Office that meet the requirements of law.

If a student is without meal money on a consistent basis, the administration may investigate the situation more closely and take further action as needed. If financial hardship exists, parents/guardians and families are encouraged to apply for free or reduced price lunches for their child. Each school handbook shall contain detailed instructions for family assistance.

Policy Communications

This policy shall be communicated to all staff and families at the beginning of each school year and to families transferring to the district during the year.

No citizen may speak more than once without permission of the Chair. All citizens shall speak to the full Committee through the Chair and shall not address individual members or administrators.~~

~~3. Individuals may address topics on the agenda, items specified for public comment, or items within the scope of responsibility of the School Committee. The Chair shall rule out of order any individual who fails to honor the guidelines or who addresses a matter inappropriate for public comment.~~

~~4. Any Committee member may direct questions to the speaker through the Chair in order to clarify comments of the speaker.~~

Re: Request for an international travel for the 2022-2023 and 2023-2024 School Years

Dear members,

On behalf of the Travel Committee, we would like your approval for the following travel itinerary for the 2022-2023 and 2023-2024 school years. By planning early, we are hoping to keep the cost lower for students and provide more opportunities for travel with TMHS.

These trips are being organized by several departments in order to reach a broad group of students and provide learning opportunities around the country and the world.

As you know, our students' participation in our past international trips has been a very rewarding learning experience. Besides the fact that these trips are structured with educational activities daily, we prepare a course through Google Classroom where students will have the opportunity to learn about the history, culture, art, science, architecture, and many other areas of interest.

We have attached the itineraries as well as the quotes for each trip with links in the slideshow. Please let us know if you have any questions and/or suggestions. The quote includes the Global Travel Protection. We will try to fundraise for the gratuity and transportation to/from the airport.

Please advise us if you would like our presence at the School Committee meeting.

Sincerely,

Bailey Mahoney
Spanish Teacher
