 - Capital Outlay
- Managed/Shared with the Town
 - Fixed Costs

Challenges Faced In Formulating FY24 Budget

Typical	FY24				
Traditionally 7-school model	NEW 6-school model. Center Elementary School opened January 2023. Relocation of all Grade 2, 3 & 4 students and associated personnel mid-year. Re-allocation of resources associated with this move to create a Salary and Operating budget for the new school.				
Use prior years ACTUALS to determine needs and/or budget opportunities	Only have 6 months of data with new building structure. Schools still feeling effects of COVID 19 and students recovering from learning loss.				
Use of ESSER grants ends FY24	Need to balance the <i>use</i> of ESSER funding by the deadline with ability to support needs (if they are recurring) within the budget in the future				
Pre-School Re-Structure	With additional space available at PK-1 schools, able to balance Pre-School offerings between Dewing and Heath Brook to offer Pre-School at BOTH locations

FY24 School Department Budget Hearing NEXT STEPS

Continued Discussions with Building Principals, Department Leaders, Elected Officials, Town Officials, teachers, parents, students and community members, to refine and react to ever changing needs.

As needs and/or resources change, the School Department will be refining our budget, which represents a snapshot in time of the current needs in the district. Our budget, resources and needs are constantly being updated and analyzed for the best use of available and appropriate resources.

This process will continue from now through May Town Meeting and may (in fact is likely to) produce some movement within our overall budget
